MARINE CORPS UNIFORM REGULATIONS

**CHAPTER 1
GENERAL**

1000. GENERAL

1. The purpose of this Manual is to define Marine Corps uniform policies and provide regulations for the proper wear of the uniform.
2. Commanders may interpret the provisions of this Manual to address specific concerns whenever necessary. However, authority for local interpretations does not extend to the institution of policies or practices which are in contradiction to the provisions of this Manual. Exceptions to this Manual are only granted in writing by the Commandant of the Marine Corps (MCUB).
3. The Marine Corps uniform, with appropriate insignia, is designed primarily to show at a glance the branch of service and grade of the individual authorized to wear it. The uniform represents visual evidence of the authority and responsibility vested in the individual by the United States Government.
4. The title "commander," as used in these regulations, includes those Marine officers titled as commanding general, commanding officer, director, officer in charge, or inspector-instructor.
5. When official references are made to the uniform by any person in the Marine Corps, or its official publications, the terms in these regulations will be used.
6. Wearing the uniform should be a matter of personal pride to all Marines. Marines will maintain their uniforms and equipment in a neat and serviceable condition and will, by their appearance, set an example of neatness and strict conformity with these regulations.
7. Components of one uniform will not be worn with components of another except as authorized by these regulations.
8. The commander may authorize Marines participating in athletics, range instructions, field exercises, and similar activities to wear clothing and equipment other than that prescribed in these regulations.
9. Chapter 1 of these regulations is a punitive order. Violation of the specific prohibitions and requirements in chapter 1 by Marine Corps or

Marine Corps Reserve personnel and those of other services who wear the Marine Corps uniform may result in prosecution under the UCMJ.

1001. RESPONSIBILITY FOR UNIFORM MATTERS

1. *Permanent Marine Corps Uniform Board (PMCUB)*. The PMCUB acts as the principal advisor to CMC on all uniform matters, coordinates approval of all clothing allowances, and oversees development and testing of new and redesigned uniform items. PMCUB implements the Commandant's guidance or "vision" in regard to uniforms. The Uniform Board functions as advocate for the individual Marine (user) and develops field concerns (as expressed in official correspondence) into decision issues for the Commandant. Also, the PMCUB sponsors MCO P1020.34, Marine Corps Uniform Regulations (MCUR), which details uniform policies and prescribes how uniforms are worn.

2. *Deputy Chief of Staff for Installations and Logistics, Material Policy and Readiness (LPP)*. LPP addresses problems/inquiries relative to the issue and supply status of standard uniform items, and coordinates with the Defense Personnel Support Center (DPSC) on supply system and standardization issues. LPP sponsors MCO P10120.28, Individual Clothing Regulations (ICR), which contains guidance and instruction covering administration of individual clothing for enlisted personnel. This manual provides guidance for granting civilian clothing allowances. LPP publishes annually MCBul 10120, Individual Clothing allowances for Enlisted Personnel, which contains all authorized allowances and minimum requirement lists. Also, LPP administers Retail Clothing Outlets (RCO's) that stock, manage and sell standard issue or "system" items exclusively.

3. *Commanding General, Marine Corps Logistics Base, Albany (Clothing Design Office (855))*. The Clothing Design Office develops new or redesigned uniform items as directed by the CMC and PMCUB, monitors quality control of uniform items through field submission of Product Quality Deficiency Reports (PQDR's), and manages the quality control program for optional items. The Clothing Designer is Designer is responsible for preparation and maintenance of detailed specifications and drawings of all authorized uniform items. Also, his office sponsors TM-10120-15/1, Technical Manual

1002

MARINE CORPS UNIFORM REGULATIONS

for Fitting and Alteration, which provides detailed guidance on the correct fitting of uniforms.

4. *Deputy Chief of Staff for Manpower and Reserve Affairs, Marine Corps Exchange, Retail Opens Branch (MMX)*. The Retail Operations Branch administers all uniform shops co-located with Marine Corps Exchanges that sell optional or non-supply system items exclusively and all Military Clothing Sales Stores (MCSS's) that sell both standard issue and optional items. MMX ensures that sufficient quantities of optional uniform items to include officer uniforms are procured and stocked at both uniform shops and MCSS's, and assists in stock management of supply system items at MCSS's. MCO P1700.27, MWR Policy Manual, details procedures for uniform clothing for all exchange activities. Also, MMX sponsors the Marine Corps Exchange Commercial Sources Manual for Approved Marine Corps Uniform

Items, which lists all authorized optional uniform and accessories with their Marine Corps approval identification serial numbers

5. *Commander, Marine Corps Systems Command (MARCORSYSCOM), General Property Project Office.* MARCORSYSCOM is responsible for research, development and acquisition of both individually retained and organizational items of individual field clothing and equipment. It coordinates with the U.S. Army Natick Research, Development and Engineering Center as well as other DoD laboratories on all joint service tests of uniform items.

6. *Commander Navy Exchange Service Command (NEXCOM).* The Director, Navy Uniform Program, is responsible for providing mail-order support to Marine Corps personnel worldwide for system uniform clothing items. The Commander, Marine Corps Logistics Bases and the Commander, Navy Exchange Service Command will continually coordinate this program.

1002. UNIFORM OF THE DAY

1. The uniform of the day for Marine Corps commands should normally be the service uniform, except as otherwise authorized in Chapter 2.
2. In prescribing the uniform of the day, commanders will consider the duty to be performed and the weather conditions.
3. The order prescribing the uniform of the day will be conspicuously posted.

1003. RESTRICTIONS ON WEARING UNIFORMS

1. Members of the Marine Corps and Marine Corps Reserve, including retired Marines, are prohibited from wearing the Marine Corps uniform while engaged in any of the following activities, functions or circumstances unless specifically authorized by the CMC (PA):
 - a. Soliciting funds for any purpose from the public outside of a military base or establishment.
 - b. Participating in any type of show or event which is commercially sponsored for advertising purposes, where it could be implied or construed that the Marine Corps "endorses" the product advertised.
 - c. "Endorsing" commercial products in such ways as to involve the uniform, title, grade or rate, or in any establish or imply their military affiliation with such products.
 - d. Appearing or participating in any event in public that would compromise the dignity of the uniform.
2. Whenever any doubt exists as to the propriety of wearing the Marine Corps uniform under circumstances similar to those enumerated above, specific requests should be directed to the CMC (MCUB/PA).
3. For further information on those laws and directives which govern the authority to wear the uniform, refer to Chapter 11.

1004. PERSONAL APPEARANCE

1. The Marine Corps uniform regulations for standards of personal appearance and grooming are as specific as practicable in order to establish the parameters with which Marines must comply. Marine Corps uniform standards of grooming do not allow eccentric or faddish styles of hair, jewelry, or eyeglasses. Eccentricities in individual appearance detract from uniformity and team identity. Because it is impossible to provide examples of every appropriate or unacceptable style of "conservative" or "eccentric" grooming and attire, the good judgment of Marines at all levels is key to enforcement of Marine Corps standards in this issue, as in other issues.

2. Articles that are not authorized for wear as a part of a regulation uniform will not be worn exposed with the uniform unless otherwise authorized by the Commandant or higher authority. Examples of such articles include but are not limited to the following: Pencils, pens, watch chains, fobs, pins, jewelry (except as authorized herein), handkerchiefs, combs, cigarettes, pipes, barrettes, hair ribbons/ornaments, flowers (corsages/boutonnieres, etc.) or other similar items. Except for the authorization contained in paragraph 7000, articles such as cellular phones, pagers, etc. are not authorized for wear on a regulation uniform.
3. Articles that may be worn while in uniform

1-4

MARINE CORPS UNIFORM REGULATIONS

1004

include inconspicuous wrist watches and rings. Sunglasses may be worn on leave, liberty, and in garrison but not in formation with troops, unless the need to wear sunglasses has been certified by medical authorities. When authorized for wear in formations, sunglass lenses will be of standard green or dark green shade or may be the type commonly referred to as "photosensitive. Eyeglasses/sunglasses, when worn, will be conservative in appearance. Eccentric or conspicuous eyepieces are prohibited. Chains, bands, or ribbons will not be attached to eyeglasses; however, eyeglass restraints are authorized for safety purposes.

4. Subject to temporary revocation due to health, safety, or mission requirements, Marines may wear neat and conservative:

- a. Articles of religious apparel which are not visible or apparent when worn with the uniform.

- b. Visible articles of religious apparel with the uniform while attending or conducting divine services or while in a chapel or other house of worship.

- c. Visible articles of religious apparel with the uniform which do not interfere with or replace required uniform articles.

5. *Grooming Regulations*

- a. No eccentricities in the manner of wearing head, facial, or body hair will be permitted. If applied, dyes, tints, bleaches and frostings which result in natural colors are authorized. The hair color must complement the person's complexion tone. Color changes that detract from a professional image are prohibited. Fingernails will be kept clean and neatly trimmed so as not to interfere with performance of duty, detract from military image or present a safety hazard.

- b. *Men* will be well groomed at all times and will abide by the following:

- (1) Hair will be neat and closely trimmed. The hair may be clipped at the edges of the side and back; will be evenly graduated from zero length at the hairline in the lower portion of the head to the upper portion of the head; and will not be over 3 inches in length fully extended on the upper portion of the head; the back and sides of the head below the hairline may be shaved to remove body hair. Sideburns will not extend below the top of the office of the ear, as indicated by the line A-A' in figures 1-1 and 1-2. Sideburns will not be styled to taper or flare. The length of an individual hair of the sideburn will not exceed 1/8 inch when fully extended.

(2) Head hair will be styled so as not to interfere with the proper wear of uniform headgear. Hair which protrudes from beneath properly worn headgear in an unsightly manner is considered excessive, regardless of length.

(3) No male Marine will be required to have his hair clipped to the scalp except while he is undergoing recruit training or when such action is prescribed by a medical officer. This does not prohibit a male Marine from having his hair clipped to the scalp if he so desires.

(4) Members of the Selected Marine Corps Reserve will comply with these regulations, except that wigs are authorized for periods of inactive duty for training. If worn, wigs will comply with the above grooming regulations.

(5) The face will be clean shaven, except that a mustache may be worn. When worn, the mustache will be neatly trimmed and must be contained within the lines of B-B', C-C', D-D' and the margin area of the upper lip, as shown in figures 1-1 and 1-2. The individual length of a mustache hair fully extended must not exceed 1/2 inch.

(6) Except for a mustache, eyebrows, and eyelashes; hair may be grown on the face only when a medical officer has determined that shaving is temporarily harmful to the individual's health. In these cases, the current edition of MCO 6310.1 applies.

(7) No male Marine will be required to have his chest hair clipped except that which is so long as to protrude in an unsightly manner above the collar of the long sleeve khaki shirt.

c. The requirement for hair regulations is to maintain uniformity within a military population. *Women's* hairstyles require non-eccentric styles. Female Marines will be well groomed at all times and when in uniform will abide by the following:

(1) Hair may touch the collar, but will not fall below the collar's lower edge. Hair that would fall naturally below the collar's lower edge will be neatly and inconspicuously fastened or pinned. During physical training periods in which physical training clothing is worn, hair will be allowed to fall naturally, without being fastened or pinned. This does not apply when conducting physical training in the utility uniform.

(2) Hair will be styled so as not to interfere with the proper wear of the uniform headgear. All headgear will fit snugly and comfortably around the largest part of the head without distortion or excessive gaps. Hairstyles which do not allow the headgear to be worn in this manner are prohibited.

(3) Faddish and exaggerated styles to include shaved portions of the scalp other than the neckline, designs in the hair, unsecured ponytails and styles which are distinctly

Figure 1-1.--Male Grooming Standards (Front View).

Figure 1-2.--Male Grooming Standards (Side View).

unbalanced or lopsided are prohibited. Multiple braiding is authorized. If hair extensions are used in the braiding of the hair, the extensions must have the same general appearance as the individual's natural hair. Braided hairstyles will be conservative, and conform to other guidelines listed herein.

(4) Barrettes, combs, rubber bands, etc. are authorized, if concealed by the hair. Inconspicuous hair pins and bobby pins, if required, are authorized. Hair nets will not be worn unless authorized for a specific type of duty. Wigs, if worn in uniform, must look natural and conform to the above regulations.

(5) Cosmetics, if worn, will be applied conservatively and will complement the individual's complexion tone. Exaggerated or faddish cosmetic styles are inappropriate with the uniform and will not be worn. Non-eccentric lipstick and nail polish colors, to include colorless nail polish, may be worn with all uniforms. Fingernails with multiple colors and decorative ornamentation are prohibited. Nail length will be no longer than 1/4 inch from the tip of the finger.

1005. CIVILIAN CLOTHING

1. Authority

a. The CMC has extended the privilege of wearing civilian clothing to officers and enlisted Marines within the limitations of these regulations.

b. The possession and wearing of civilian clothing by Marines may be prescribed by commanders for military reasons. In prescribing civilian clothing, commanders will be guided by the current edition of MCO P10120.28 and directives of higher authority.

2. Within the United States. Marines may wear civilian clothing when in an off-duty status, when directed by competent authority, and as otherwise authorized herein. Within the confines of a military base, civilian clothing will be worn subject to local regulations.

3. Aboard Ship and Aircraft

a. Officers and enlisted Marines are permitted to possess civilian clothing when assigned duty aboard ship. Unless otherwise prescribed by competent authority, such clothing may be worn while leaving or returning to the ship, while awaiting transportation after being given permission to leave the ship, while on authorized leave of absence, liberty or in any off-duty status ashore.

b. Officers and enlisted Marines will wear appropriate military uniform when traveling as passengers aboard MSC ships or when traveling aboard Government-owned aircraft (including AMC Category M). However, all Marines traveling aboard Category B military air charters are authorized to wear civilian clothing, unless an individual's orders specifically require the wear of a uniform.

c. The activity issuing travel orders will refer to the current editions of the USAF Foreign Clearance Guide and MCO 4650.30, to determine whether uniform or civilian attire should be prescribed.

4. Outside the United States

a. Marines stationed outside the United States will wear the appropriate uniform when on duty unless civilian clothing is required by the laws of a foreign country, prescribed by competent authority, or necessary in performing specialized duties.

b. Personnel on leave and traveling in a foreign country should

normally wear civilian clothing. When civilian clothing is worn, it will be in good taste and not in conflict with accepted attire in the country visited. The guidelines in subparagraph 1005.3c apply.

c. In Mexico, official visits will always be made in the appropriate uniform. Unofficial visits to the interior should always be made in civilian clothing. Unofficial visits to border towns may be made in either civilian clothing or the appropriate uniform.

5. *Special Assignments/Requirements*

a. Marines in special billets whose offices are separate from other naval activities, and whose duties require them to associate principally with civilians, may wear civilian clothing when so stated in their orders or as otherwise authorized by the CMC.

b. Officers under instruction at civilian educational institutions and in civilian industrial establishments may wear civilian clothing for such duty.

6. *White House*. Civilian attire may not be worn to the White House, except as follows:

a. While attending or participating in conferences, working group sessions, etc., at the Executive Office Building when the President or his senior advisers will not be present.

b. When explicitly called for in an invitation.

c. When as assigned billet requires civilian attire be worn.

d. While visiting the White House as a tourist.

7. *Standards of Dress*

a. Marines may well be associated and identified with the Marine Corps even when not wearing a uniform. Therefore when civilian clothing is worn, Marines will ensure that their dress and personal appearance are conservative and commensurate with the high standards traditionally associated with the Marine Corps. No eccentricities of dress

will be permitted. The wearing of earrings by male Marines, under any circumstances, is prohibited.

b. When civilian clothing has been authorized by competent authority for wear in a duty status in lieu of a uniform, the civilian clothing will be of the same comparable degree of formality as the uniform prescribed for such duty. Standards of dress and appearance will be conservative and meet the same high standards established for personnel in uniform.

c. No part of a prescribed uniform, except those items which are not exclusively military in character, will be worn with civilian clothing.

(1) Items authorized for wear with civilian clothing by men are restricted to the gold cuff links, studs, tie bar, mourning band, footwear, socks, gloves, undergarments, black bow-tie, service sweater, green wool scarf, general purpose trunks, and the all-weather coat, tanker jacket or dress blue sweater without insignia of grade.

(2) Uniform items authorized for wear with civilian clothing by women are restricted to the white shirt without insignia of grade, footwear, gloves, handbag, clutch purse, mourning band, service sweater, green wool scarf, general purpose trunks, and the all-weather coat, tanker

jacket or the dress blue sweater without insignia of grade.

(3) Uniform items that have been declared obsolete may be worn with civilian clothing, when appropriate, provided such items contain no distinctive insignia or buttons.

1006. UNIFORM PROCUREMENT AND MANAGEMENT SYSTEMS. There are two distinct categories of uniforms and therefore two separate systems for procurement and management.

1. *Marine Corps Supply Item/Standard Issue Clothing*

a. The first category is standard issue or "seabag" clothing items which constitute minimum required uniforms and accessories for enlisted Marines. These items are known as "system" items because they are procured and managed by the Defense Personnel Support Center (DPSC) and are available through the Marine Corps Supply System.

b. The DPSC is responsible for procuring standard uniform items for all services. They use the "best value" concept to evaluate contractor clothing samples in order to make cost-saving multi-year buys. DPSC is responsible to the Secretary of Defense through the Commander Defense Logistics Agency.

c. Retail Clothing Outlets (RCO's) and Military Clothing Sales Stores (MCSS's) buy standard issue items from DPSC using normal Marine Corps Supply System procedures per MCO P4400.150. Commands can purchase authorized organizational and/or supplemental clothing using these same procedures.

d. RCO's are managed by the Marine Corps Supply System to sell standard issue uniform items to Marines at cost. MCSS's are managed by the Marine Corps Exchange to sell "system" clothing at cost and to sell "non-system" or optional uniform items at cost plus a reasonable retail mark-up. Base commanders pay a management fee out of their operating funds to their base MCSS to cover overhead costs.

e. The procurement and inspection of Marine Corps clothing are matters under the cognizance of the DPSC; therefore, the entry of defective clothing into the Marine Corps Supply System is not recognized until received at the RCO or MCSS. In this instance, commanders will ensure that clothing outlets:

(1) Inspect all uniform clothing prior to issue or sale.

(2) Submit a Product Quality Deficiency Report (PQDR) in accordance with the current edition of MCO 4855.10 upon receipt of defective clothing which affects the desired appearance and/or functionality. No repairs to defective items are authorized until repair/disposition instructions are received from the CG, MCLB Albany, GA because all uniform items procured are covered by various contractual warranties.

f. All system clothing and accessory items are available to Marines stationed world wide via a mail order program managed by the Navy Exchange Services Command. Submit orders by mail to Mail Order Program, 1545 Crossways Blvd., Suite 200, Uniform Support Center, Chesapeake, VA 30320. The following information is required with each order: full name, grade, social security number, sex, telephone number, shipping address, duty station, items desired, size, color, fabric, type, and quantity. Orders may be placed toll free to an operator on duty 24 hours a day, seven days a week. The number is 1-800-368-4088.

g. All standard issue or "system" items can be identified as such by the National Stock Number (NSN) on the garment label. Labels will contain the garment's fiber content and proper care and cleaning instructions.

2. *Non-Supply System/Optional Clothing.* The second category of uniforms

is commercial "non-system" or optional clothing items. These items are not available through the Marine Corps Supply System and therefore must be procured from commercially available sources. Optional uniforms

1-9

1006

MARINE CORPS UNIFORM REGULATIONS

and accessories to include all officer uniform items are procured and managed by the Marine Corps Exchange and/or commercial vendors.

a. *Exchange-Operated Uniform Shops and Military Clothing Sales Stores (MCSS's)*

(1) The Marine Corps Exchange manages the retail sale of non-supply system clothing through branch exchanges in a decentralized manner. Each branch's uniform shop or MCSS orders, stocks, and prices non-supply system clothing as they see fit. Retail mark-up on individual items is not restricted and will vary at each base. Mark-ups should be reasonable. Management fees for MCSS's are calculated on a percentage of sales. Base commanders can have a significant impact on their local exchanges management priorities in determining reasonable mark-ups and the availability of uniform items.

(2) Items listed as approved for purchase from sources other than the Marine Corps Supply System may be procured from approved commercial vendors. All items purchased must bear the USMC Approval Identification to indicate that they meet Marine Corps standards. (See figure 1-3.) Items of hardware must have a USMC approval serial number stamped on the reverse side. The Wool Products Labeling Act and Textile Products Fiber Identification Act require that all clothing manufactured or sold in the U.S. contain a label specifically stating the fiber content of the garment. The military specification for all Marine Corps clothing garments requires this labeling and that proper care and cleaning instructions be included. It is the individual's responsibility to ensure that his or her purchases are properly labeled.

(3) Only those items approved and authorized by the CMC will be sold to personnel through the Marine Corps exchange-operated uniform shops and MCSS's.

(4) Marine Corps exchanges and MCSS's that purchase items of approved, regulation uniforms and/or accessories from a vendor will require, in addition to the approval identification, a certification on the receipt, invoice or statement that the item was manufactured according to approved Marine Corps standards and of Marine Corps approved materials.

(5) Marine Corps exchanges which purchase uniforms or accessories of inferior quality or workmanship from approved manufacturers, distributors, or tailors will immediately notify the Marine Corps Exchange, Retail Operations Branch (MWX) by letter. These reports will specifically detail the nature of the complaint and forward a sample item to the CMC (MWX) for further submission to the CG, MCLB Albany for examination and evaluation according to the Quality Control Program. Ensure the following information is contained in the report: name and address of manufacturer, item and date purchased, USMC approval serial number, and detailed description of defects. Articles forwarded should be charged to the Marine Corps Exchange Fund and be accompanied by an invoice showing the description of the article, unit cost price, name of

the manufacturer, and of the distributor or tailor if not purchased direct from the manufacturer. After examination and evaluation, the CG, MCLB Albany will return and reinvoice the article or direct other disposition.

(6) Marines who purchase defective uniform clothing items from Marine Corps exchanges should report the purchase of defective clothing by letter to the Marine Corps exchange officer at the base where they are stationed, enclosing the defective item. Ensure that the following information is contained in the letter: name and address of exchange from which item was purchased, description of article, price, date purchased, name of manufacturer, USMC approval serial number, and description of defect.

(7) Marines stationed at bases where there is no Marine Corps exchange in the immediate vicinity and who purchase defective clothing from the Marine Corps exchanges should report the purchase of the defective item by letter to the CMC (MWX), enclosing the defective item. Ensure that the letter contains all of the information required by subparagraph 1006.2a(6), above.

(8) The Marine Corps Exchange operates a mail order program for standard issue and commercial/optional uniform items. The CMC (MWX) publishes and distributes the "Mail Order Catalog for Commercial Uniforms." Mail order service is provided for male and female Marines by the MCCDC, Quantico exchange and for male Marines by the exchanges at Marine Corps Bases, Camp Pendleton and Camp Lejeune.

(9) The Marine Corps Exchange (MWX), Quantico, VA maintains a toll-free uniform hotline, which may be accessed internationally, to facilitate the resolution of inquiries/complaints pertaining to the availability and quality of commercial uniforms and uniform items. The number for the hotline is 1-800-386-USMC (8762). Calls may be placed 24 hours a day, seven days a week but will be answered by a machine outside of normal working hours and when the office staff is otherwise occupied. When leaving messages include the caller's name, duty station, toll or DSN number along with operator number if available, and time

1-10

MARINE CORPS UNIFORM REGULATIONS

1007

zone or best CONUS time for return calls. Calls should be confined to non-supply system uniform items which are sold exclusively for officer wear or as optional enlisted items.

b. U.S Commercial Vendors

(1) Marine Corps activity commanders will prohibit vendors from entering the confines of their activities for the purpose of displaying and/or selling uniform items/accessories without proper identification to indicate that specific uniform items/accessories have been approved by the CMC. All clothing items must be property labeled to include USMC approval identification, the fiber content of the garment and proper care and cleaning instructions. Instances of nonconformance by an approved source will be reported to the CMC (MWX).

(2) Unless specifically authorized by these regulations, items purchased outside the Marine Corps Supply System and which do not bear approval identification are nonregulation, and wearing such items is prohibited. If an emergency makes it necessary to temporarily wear nonregulation clothing obtained from other sources, such clothing will be

procured at the commander's direction and conform as closely as possible to items prescribed herein.

(3) Marines who purchase defective clothing items (containing the USMC approval identification) from authorized commercial vendors, other than the Marine Corps Supply System and Marine Corps exchange system, are urged to report the purchase of defective clothing directly to the CG (855), MCLB Albany. When desirable, forward a sample defective item by registered mail. Ensure that the following information is contained in the report: name and address of authorized vendor from which the item was purchased, description of the article, price, date purchased, name of manufacturer, USMC approval serial number, and description of defects. After examination and evaluation, the CG, MCLB Albany will return the article via registered mail, annotated with the action taken on behalf of the individual.

c. Purchase Outside the United States

(1) Personnel ordered overseas for a normal tour of duty will possess not less than the minimum required items of uniforms and accessories, unless otherwise prescribed in the individual's orders or in the current edition of MCO P3000.1.

(2) Marines are authorized to purchase uniforms outside the United States, provided such uniforms are manufactured from materials and findings purchased from the CG, MCLB Albany (876/MAU). Under this authority enlisted Marines may purchase only those uniform items listed in paragraphs 9202 and 9203.

(3) Commanders will ensure that uniforms purchased conform to Marine Corps specifications and these regulations. An appropriate entry will be made in the individual's service record book.

1007. MATERIALS, FINDINGS, PATTERNS AND SPECIFICATIONS

1. All uniform clothing, equipment, and accessories issued or sold by the Marine Corps Supply System are considered regulation. Non-supply system clothing items are regulation if they contain a USMC approval identification serial number, except as otherwise authorized in these regulations. Non-supply system uniforms must have proper content labeling unless fabricated under the provisions of subparagraph 1006.2(c)(2).

2. Figure 1-3 is a sample of the USMC approval identification label that all commercial or non-supply systems must have. The serial number is issued by CG, MCLB Albany to the manufacturer, fabricator or wholesale supplier after an item has been reviewed and approved per the latest edition of MCO 10120.56. The serial number will be unique to the manufacturer/wholesaler and uniform item or material fabricated. Retail outlets will not normally be issued approval numbers unless they fabricate uniform item on their own.

3. The term "cloth of adopted standard" refers to the standard sealed samples of fabrics in the custody of the CG, MCLB Albany. All fabric used in standard issue and optional uniform clothing must be approved by the CMC. DPSC manages the supply support of all issue fabrics. Optional fabric samples submitted to CG, MCLB Albany by textile mills and/or

articles of uniform, insignia, and accessories prescribed for wear by Marines. Standard samples of uniforms, fabrics, insignia, and accessories, as approved by the CMC, will be held by the CG, MCLB Albany. Articles procured, manufactured, or issued will conform in every respect to the standard samples, and no change will be permitted without CMC approval.

5. Marine Corps exchanges and individuals authorized to purchase uniforms from sources other than the Marine Corps Supply System may procure materials and findings upon direct application to the CG (876/MAU), MCLB Albany. Patterns and specifications may be obtained without cost upon request to the CG (855), MCLB Albany.

6. Sale of Marine Corps uniform materials for the manufacture of uniforms for enlisted personnel is not authorized, except when enlisted personnel are authorized to wear officer-type uniforms and then therefore are also authorized to procure officer uniform materials, findings, patterns, and specifications.

1008. ALTERATIONS

1. Alterations to uniform clothing to improve fit are authorized; however, such alterations will not change the intended appearance or function of the garment as designed.

2. Alterations to uniform clothing of enlisted personnel will be made at Government expense when authorized by organization supply officers according to instructions in the current edition of TM-10120-15/1, Technical Manual for Uniform Fitting and Alteration.

3. Care should be taken when contracting alteration services from a commercial vendor so that unauthorized or unneeded alteration procedures are not included in the contract. Uniforms are designed so as to minimize alteration costs. Alteration contracts can be reviewed periodically by contacting CG (855), MCLB Albany. Reports of an excessive number of fitting sessions are an indication that there may be problems with the alteration process.

4. Commanders will ensure that all alterations, either at Government expense or at the individual's expense, conform to the spirit and intent of these regulations. Every effort will be made to ensure that proper tailoring facilities are available to all personnel of the command. Personnel will be advised that alterations performed at other than designated military tailoring establishments will be the individual's responsibility and will conform strictly with these regulations and the current edition of TM-10120-15/1.

5. Wearing improperly altered uniform clothing is prohibited.

CHAPTER 2

DESIGNATED UNIFORMS AND OCCASIONS FOR THEIR WEAR

2000. DESIGNATION OF UNIFORMS

1. Authorized uniforms for Marine officers are designated as evening dress, blue dress, white dress, blue-white dress, service, and utility.
2. Authorized uniforms for enlisted Marines are designated as blue dress, blue-white dress, service, and utility. The evening dress uniform is authorized for wear by staff noncommissioned officers as an optional uniform.
3. The uniform of the day should normally be the service uniform. However, after 1 October 1994 all Marines will possess one modified blue

uniform thereby allowing commanders to prescribe blue dress "C"/"D" as the uniform of the day on certain occasions. For those commands where a supplementary blue uniform clothing allowance has been authorized the uniform of the day will be the service or blue dress uniform at the discretion of the commander. The service uniforms, blue dress "B," "C," or "D," and white dress "B" uniforms may be prescribed for leave and liberty within the United States.

2001. EVENING DRESS UNIFORMS (See figs. 2-1 through 2-6.)

1. The officers' evening dress "A" uniform will be prescribed for official formal evening functions at which civilians would normally wear evening clothes or "white tie" during both winter and summer. The evening dress "A" uniform with white waistcoat for male officers and long skirt for female officers is appropriate for the following "white tie" occasions:

a. State occasions at the White House, or at foreign Embassies/Legations.

b. Inaugural receptions and dinners.

c. Formal dinners.

2. The officers' evening dress "B" uniform with scarlet waistcoat (general officers only) or scarlet cummerbund (all other officers) will be prescribed for official social functions at which civilians would normally wear dinner dress or "black tie" during both winter and summer. *Women* may wear the long or short skirt, depending on the degree of formality of the function. The evening dress "B" uniform is appropriate for the following "black tie" occasions:

a. Club affairs.

b. Dinner parties.

c. Dinner dances.

d. Evening celebrations in honor of the Marine Corps Birthday.

3. Officers not required and who do not possess evening dress who attend functions at which evening dress is prescribed will wear the blue dress "A" or white dress "A" uniform as appropriate for the occasion/season.

4. SNCO's may optionally wear the SCNO evening dress uniform in lieu of the blue dress uniform for social functions at which civilians would normally wear white or black tie during winter and summer.

2002. MESS DRESS UNIFORMS. The mess dress uniform was declared obsolete on 1 July 1992 and is no longer authorized for wear on any occasion.

2003. BLUE DRESS UNIFORMS (See figs. 2-7 through 2-16).

The blue or white dress "A" uniform, as appropriate, will be prescribed for the following official military/social occasions:

a. Parades, ceremonies, reviews, solemnities, and entertainments when the commander/senior officer present desires to pay special honors to the occasion.

b. Official visits of, or to, United States civil officials, officers of the United States Armed Forces, and officials/officers of foreign governments, according to chapter 12, U.S. Navy Regulations.

c. Receptions given by, or in honor of, officials/officers listed in chapter 12, U.S. Navy Regulations.

d. At daytime formal or semiformal occasions.

2. The dress "B" uniform consist of the same items as the corresponding dress "A" uniforms, except that ribbons are worn in lieu of medals. This uniform is authorized for leave or liberty.

2. The blue-white dress "B" uniform consists of the same items as the blue-white dress "A" uniform, except that ribbons are worn in lieu of medals. This uniform will be worn under the same conditions as the blue-white dress "A" uniform.

2006. SERVICE UNIFORMS (See figs. 2-21 through 2-29, 2-32, and (2-33.)

2. Service uniforms are designated as follows:

a. The service "A" uniform includes the service coat. When the service "A" uniform is prescribed as the uniform of the day, it is appropriate to remove the coat in office buildings within the confines of a military activity or establishment. *Women* may wear either the long or

Commanders may authorize the wear of the utility uniform for brief and appropriate stops off-base during duty hours or while commuting. appropriate.

3. An optional cold weather PT uniform was adopted to foster increased uniformity and prevent the mandated wear of non-standard sweatsuits of other colors (e.g. red or green). This uniform is an optional item for purchase and wear. The cold weather PT uniform will be a gray sweatsuit, with or without "USMC" lettering on the front of the shirt, per paragraph 3030. This uniform may be worn at the option of the individual for unit physical training when the weather requires. Although it is not mandatory all Marines are encouraged to purchase a cold weather PT uniform. However, only a gray sweatsuit is authorized for wear.

2009. MATERNITY UNIFORMS (See figs. 2-30 and 2-31.). The appropriate maternity uniform will be worn as the uniform of the day by pregnant women per paragraph 3016.

2010. TYPES AND COMPONENTS OF AUTHORIZED UNIFORMS. Table 2-1 summarizes the currently authorized uniform combinations and appropriate occasions for the wear of each uniform. This table is designed and intended for local reproduction, posting and distribution as desired by local commanders. See tables 2-2 through 2-5 for more detailed information on the types and components of authorized uniforms. In using these tables, it is important to note that wherever a uniform choice or option is indicated, reference paragraphs should be referred to for complete regulations.

CHAPTER 3
UNIFORM ITEMS AND REGULATIONS FOR THEIR WEAR

3000. GENERAL

1. Detailed fitting instructions for uniform items are contained in the current edition of TM-10120-15/1, Technical Manual for Uniform Fitting and Alteration.
2. All uniform items are standard as sold/issued through the Marine Corps Supply System. Items sold through the Marine Corps Exchange System or approved commercial sources are considered standard if properly labeled as described in Chapter 1. Uniform items that are not approved as conforming to Marine Corps specifications are not authorized for wear and cannot be used to satisfy minimum requirements, except as otherwise stated in these regulations.
3. Detailed descriptions are omitted from this chapter for uniform items which are issued/sold through the Marine Corps Supply System and are standard for enlisted personnel. Brief descriptions are provided for officers' and optional items that are sold through the Marine Corps Exchange System bearing Marine Corps approval identification. Detailed descriptions of these items are available from the Clothing Design Office (855) at MCLB, Albany, Ga.
4. Female officers and staff NCO's may continue to wear uniforms purchased under previous authorization from non-approved sources until these uniforms require replacement. These items may be used to satisfy minimum requirements.

3001. ALL-WEATHER COAT (See figs. 2-32 and 2-33.)

1. The pewter gray all-weather coat (AWC) is a full-length, double-breasted, belted coat with detachable liner and is made of polyester/cotton poplin fabric that has been treated to be water-repellent/resistant.
2. The length of the AWC will be to a point approximately midway between the knee and midcalf. The coat must be long enough to reach the bottom of the kneecap for men, and one inch below for women. It must not extend below the mid-calf. With the liner inserted, the coat will fit smoothly across the chest and shoulder blades and will have a noticeable fullness on the back waist, providing a pleated effect of the material under the belt. The belt will be adjusted loosely enough to provide a smooth appearance, maintained in a horizontal position and not sagging at center front or back. The tapered end of the belt will pass through the buckle to the wearer's left and will extend from one inch beyond the belt keeper to 1-1/2 inches beyond the left belt loop on the coat. The buckle will be centered between the vertical rows of buttons on the front of the coat.

3. The coat's top button may be worn buttoned or may be left open with the collar neatly folded back to form lapels. The back of the collar will cover all garment collars worn underneath the cover all garment collars worn underneath the AWC. The sleeves and collar will be roll-pressed, not ceased. Creases in the skirt of the coat, except for the center back pleat, are prohibited.

4. The design of the AWC does not include a sword slit. If the sword must be worn with the coat, the service belt may be utilized. Commanders will not prescribe the AWC with sword unless service belts are available as organizational property.

5. The AWC may be worn or prescribed for wear with the service, dress, and utility uniforms. It may be worn with or without the liner at the individual's option.

3002. BELTS AND BUCKLES

1. Belts for all uniforms will be worn at the natural waistline with the right edge of the buckle (wearer's right) on line with the edge of the fly or coat front.

2. Belts for all men's service coats and male officers' blue coats must match the color and material of the uniform with which they are worn. The buckle will cover the bottom button of the coat. The belt's tapered end will pass through the buckle to the wearer's left and will extend from 2-3/4 inches to 3-3/4 inches beyond the buckle. The free end of the belt will be held in place by a cloth keeper 1/2 inch wide and may be fitted with a snap fastener to secure the belt point. Buckles will be kept highly polished.

3. The 1-1/4 inch wide cotton khaki web belt with buckle will be worn by all Marines with the utility uniform. Male Marines will wear the khaki web belt with service and blue dress trousers and it may be worn with the white dress trousers. The tip end of the web belt will pass through the buckle to the wearer's left and will extend from two to four inches beyond the buckle. The metal belt tip and the buckle will be kept highly polished. The buckle

3-3

3003

MARINE CORPS UNIFORM REGULATIONS

will be worn with the buckle tongue depressed into the buckle.

4. The optional white nylon web belt with buckle may be worn by men only with the white dress trousers.

5. Enlisted men will wear the white web coat belt with waistplate with the blue and blue-white dress "A"/"B" uniforms. This belt may also be worn with the male enlisted blue dress "C" and "D" uniforms when the sword is prescribed. Enlisted women will wear this belt with the blue dress uniform when armed with the NCO sword.

a. The plain waistplate has a highly polished, natural brass finish, is about two inches by three inches in size, and is worn centered on the coat front buttons.

3030. SWEATSUIT (COLD WEATHER PT UNIFORM)

1. The approved optional sweatsuit is of light gray knit fabric and consists of a pull-over sweatshirt and elastic waist sweatpants. The shirt will have the letters "USMC" imprinted on the front in 3-inch high black block lettering.

2. This sweatsuit or any similar gray sweatsuit, with or without lettering, may be purchased and worn at the individual's option as a cold

weather physical training uniform.

3. Although Marines are encouraged to possess a gray cold weather PT uniform, its purchase and wear cannot be mandated.

3031. SWORD AND ACCESSORIES, OFFICERS

(See fig. 3-7.)

1. *Sword*

a. The sword may be prescribed with all uniforms except the evening dress and utility.

b. Sword blade lengths are available in a range from 26 to 35 inches. The regulation sword length for an individual is determined with the sword at the carry position. The tip of the blade will fall not more than one inch above or below eye level.

c. The sword blade is a cut and thrust blade of stainless or forged steel. The sword blade has prescribed etched ornamentation and a scroll on each side bearing the words "United States Marines" reading on the right side from hilt to point, and on the left side from point to hilt. The sword blade has a double channel from the bottom of the etching to the point of the blade, and all exposed surfaces are either polished stainless steel or heavily nickel-plated on a copper base, then polished.

d. The Mameluke-type grip of yellow metal with leaves of ivory or ivory-like plastic is secured by 2 five-pointed star rivets of yellow metal. The pommel has an eye of yellow metal through which the loop of the sword knot passes and a straight cross with acorn design on the ends.

e. The owner's name may be engraved on the sword at the individual's option. If engraved, the owner's name (reading from point to hilt) will be etched or engraved on the scroll on the left side near the hilt. A Marine officer who inherits/purchases a sword previously engraved with another Marine's name may wear and maintain it as long as the sword remains serviceable. Removing the previous owner's name is not required.

2. *Scabbard*

a. The scabbard is stainless steel or cold-rolled steel, chrome-plated, brightly polished, and will accommodate the sword blade snugly.

b. The solid brass, highly polished, ornamented metal trimmings consist of a flush fitting mouthpiece, two locketts each with a ring for sling suspensions, and the tip of the scabbard shoe. The scabbard is lined with durable material.

3. *Leather Sword Sling*

a. The leather sword sling is made of black leather or approved synthetic leather in semigloss or high-gloss (patent) finishes. The outer side of the leather is smoothly finished. The inner side of the sling is darkened to present about the same shade as the outer side. The sword sling consists of the following parts:

(1) A leather tongue, four snap fasteners, and two straps (one strap 18-1/2 inches long and the other 11-3/4 inches long).

(2) The hardware, which is removable to facilitate polishing, consists of the brass snap fastener with sword hook to which the tongue is attached, and two locking snap swivel fasteners attached to the ends of the straps. The tongue is attached to the brass snap fastener by inserting the rounded tip through the squared loop at the bottom of the fastener toward the back, folding the tip down and closing the four button snap fasteners. The locking snap swivels are attached by inserting the tip ends of the straps through the loops of the locking swivels, folding the tip back and inserting a brass button into the two aligned holes of

the strap. The tip end of the straps will be on the under side of the straps. The large face of the button will be on the outside of the strap.

b. The sword will not be worn without the leather sword sling attached to it.

c. The sword is worn hooked up with the hilt inclined to the rear and the sling outside the scabbard. To attach the sword and scabbard, use the following procedure:

Figure 3-7.--Officers' Sword.

(1) The snap fastener of the leather sling is engaged in the ring of the shoulder sling or the leather frog.

(2) The scabbard is held in the right hand to the left front, with the scabbard rings to the rear.

(3) Engage the snap swivel of the short sling strap to the top ring on the scabbard.

(4) Engage the snap swivel of the long sling strap to the bottom ring of the scabbard.

(5) Turn the scabbard 180° clockwise, and loop the upper scabbard ring over the prong protruding from the outside of the snap fastener of the leather sling.

4. *Service Sword Frog*

a. The service sword frog is worn when the sword is suspended from the leather service belt.

b. The service frog is made of black leather or approved synthetic leather in semigloss or high-gloss (patent) finish. The frog has polished brass hooks to fit the 1-inch slit at stop (when folded).

c. The frog is attached to the belt at a point over the highest portion of the hipbone, generally along the seam of the trousers/slacks/skirt. The snap hook of the leather sling is engaged in the ring attachment of the frog.

5. *Shoulder Sword Sling*

a. The shoulder sword sling consists of white cotton webbing with sliding shoulder pad, an adjusting buckle, and a sword attaching ring.

b. The sling is worn by male officers only when a coat is worn. It is worn beneath the coat, over the right shoulder extending across the torso, with the ring attachment over the top of the left hipbone, at a point where the sword slit is located in the coat. The sling is worn so that the ring attachment protrudes through the sword slit of the coat, but so that the white webbing is not visible from the outside.

6. *White Web Sword Belt With Suspenders*

a. The recently adopted white web sword belt consists of a white cotton webbing belt with an adjustable hook and pile closure and a white leather frog attachment stitched to the belt to hold the sword. White suspenders are worn attached to the belt to afford additional support and stability.

b. When it becomes available for purchase the sling will be worn by female officers only when a coat is worn and an exterior sword belt is not prescribed. It may also be worn by male officers as an option to the shoulder sling. It is worn beneath the coat, with the frog attachment over the top of the left hipbone, at a point where the sword slit is located in the coat. The ring attachment of the frog will protrude through the sword slit of the coat.

7. *Sword Knot*

a. The service sword knot is braided of black leather or approved synthetic material, with a simulated large knot, two sliding keepers, and a hook and eye closure. The sword knot will be attached to the sword at all times.

b. The knot is attached to the sword by passing the small end through the eye in the pommel and securing it to the hook above the large end of the knot. One keeper will be drawn taut immediately below the pommel; the other immediately above the large end of the knot. Both strands of the knot are then looped in a clove hitch over the rear hilt at the cross

guard, next to the acorn, and drawn taut so that the large end of the knot hangs free and does not fall below the upper brass rings of the scabbard. The clove hitch "crossover" is worn inboard.

8. *Sword Mourning Knot*

a. The mourning knot is a black ribbon of silk or similar material, three inches wide by 27 inches long. The two flowing ends are twelve inches long when the band is knotted upon the sword hilt.

b. The mourning knot is worn attached to the service sword knot when mourning is ordered. The knot is formed by passing the free ends around and under the service knot, immediately below the eye in the pommel, and then passing them back through the bight formed at the center of the band. The knot is then drawn taut.

3032. TAPES, NAME/SERVICE

1. Name/service tapes will be worn on the green and desert utility uniforms and the maternity camouflage work uniform. They will be of olive green cloth, one inch wide, with embroidered 3/4 inch high black block lettering, except that tapes for the desert utility uniform will utilize brown lettering on a tan background. If necessary to accommodate longer names the lettering may be in condensed print, 1/2 inch high. Nametapes will include the individual's last name only in upper case letters. Service tapes will be inscribed with "U.S. MARINES" in upper case letters, with a space before "MARINES".

2. Tapes for utility coats will be long enough to align with the edges of the pocket flaps when the ends of the tapes are turned under and stitched down. Tapes for utility trousers and the maternity camouflage work uniform will not exceed six inches in length when sewn on. For the maternity camouflage work uniform both the name and service tape will be the same length. Tapes will be sewn on uniforms with the ends of the tape turned under and using a plain straight stitch with thread that matches the tape fabric.

3. On the utility coats, the nametape will be worn

3-21

3033

MARINE CORPS UNIFORM REGULATIONS

over the right breast pocket and the service tape will be worn over the left breast pocket. Tapes will be sewn with the bottom of the tape immediately above and parallel to the top of the pocket flap, with the ends of the tape aligned with the edges of the pocket flap. On coats with slanted breast pockets, a horizontal line tangent to the highest point of the pocket will be considered as the top of the pocket. On the utility trousers, a nametap will be worn above the right rear trouser pocket. Name/service tapes may be worn on utility uniforms which already have the "USMC"/emblem decal affixed as long as these uniforms are serviceable. However, only the emblem portion (eagle, globe and anchor) of the decal, centered on the left breast pocket, is required.

4. Tapes will be worn on the desert utility uniform at the commander's discretion only if it is expected that the individual will retain the uniform for at least 60 days. The Marine Corps emblem may be ironed on the pocket at this time. The emblem will not be placed on the desert sun hat. Prior to recovery of the uniform the individual Marine will be responsible for removing name/service tapes from desert utilities.

5. On the maternity camouflage work uniform tapes will be vertically centered, with the top of the tape placed approximately on line with the second buttonhole from the top of the coat. Placement may be adjusted to the individual as necessary to ensure proper appearance and comfort. On uniforms which have the complete "USMC"/emblem decal affixed the service tape will be worn with the bottom of the tape 1/2 inch above the emblem and the nametape will be worn in a corresponding position on the right side.

6. Marines who experience name changes will replace nametapes with tapes bearing their new names as soon as possible. The wear of tapes with minor deviations, such as the use of some lower case letters in certain names, is authorized as long as the tapes are serviceable. Marines are responsible for ensuring that replacement tapes meet guidelines.

3033. TROUSERS (MEN)

1. General

a. Service and dress trousers will be full cut, straight hanging, zipper fly front, and without cuffs. Trouser legs will provide easy fit and will be long enough to break slightly over the shoe in front and to reach the juncture of the welt of the shoe in the rear. A variation of 1/4 inch above/below the welt is acceptable. Hems will be from two inches to three inches wide.

b. Trousers will be pressed to present a smooth vertical crease at about the center front and rear of each leg. The crease will extend from the bottom of the hem to about two inches above the trouser crotch.

c. Enlisted service and dress trousers are standard as issued/sold through the Marine Corps Supply System. Optional high-waisted blue dress trousers with approval identification labels, as sold through Marine Corps exchanges or commercial sources, are authorized for optional purchase and wear by staff NCO's with the evening dress uniform. Officer's service trousers, of any authorized material, may be worn by SNCO's.

2. Officer's Dress Trousers

a. Blue dress trousers for colonels and below are sky blue with a 1-1/2 inch wide scarlet stripe down the outer seam of each leg. Blue dress trousers for general officers are dark blue with a 2-inch wide scarlet stripe down the outer seam of each leg.

b. Field and company grade officers are authorized to wear the blue dress uniforms with coats and trousers of different fabrics.

c. White dress trousers are of 100% polyester fabric. Trousers fabricated of the phase-out polyester-rayon gabardine material may continue to be worn until replacement is required. When worn with the white dress uniform, trousers will match the fabric of the coat.

d. Evening dress trousers are made of dark blue broadcloth and will have a long waist, high in back, fitting snugly and without wrinkles, without hip or side pockets, buckle straps or belt loops; suspender buttons will be inside the waistband. An ornamented gold lace stripe of tarnish resistant gold thread or gold-plated braid is sewn down the outer seam of each leg.

3034. TRUNKS, GENERAL PURPOSE

1. The standard issue general purpose trunks are fabricated from a polyester twill fabric, are olive green in color, are of thigh length, have an elastic waist with a drawcord, and have a bound V-notch at the outer leg seams.

2. When worn with the standard brown or green undershirt, the trunks

comprise the standard Marine Corps-wide physical training (PT) uniform and will be worn according to paragraph 2008.

3. Olive green trunks of any material, similar in design to the standard issue trunks, may be worn at the option of the individual on all occasions for which the PT uniform is authorized/prescribed. Optional trunks may be purchased through Marine Corps Exchanges or commercial sources and are

3-22

MARINE CORPS UNIFORM REGULATIONS

3037

not required to contain Marine Corps approval identification.

3035. UMBRELLAS (WOMEN). Women may carry an all-black, plain standard or collapsible umbrella at their option during inclement weather with the service and dress uniforms. It will be carried in the left hand so that the hand salute can be properly rendered. Umbrellas may not be used/carried in formation nor will they be carried with the utility uniform.

3036. UNDERGARMENTS

1. Undershirts

a. Standard undershirts (white/brown/olive green) will be made of cotton with quarter length sleeves and have an elliptical (crew-neck) collar. White V-neck undershirts are optional.

b. The white crew-neck or the V-neck undershirt is authorized with men's service and dress uniforms at the individual's option. Whether an undershirt is worn is at the individual's option except that the crew-neck undershirt will be worn when required by the commander at such times when uniformity is considered essential such as at formations, ceremonies, or parades.

c. The only undershirts authorized for wear with the utility uniform are the brown or olive green crew-neck undershirt. Wearing the undershirt with the utility uniform is at the individual's option, except that the undershirt will be worn when the utility coat is removed. An undershirt may be required by the commander at such times when uniformity is considered essential such as at formations, ceremonies, or parades.

2. Drawers (Men). The standard drawers (boxer or jockey style) are made of plain white cotton. White drawers (same style/design as the standard drawers), as sold through commercial sources, may be purchased, worn, and used to satisfy minimum requirements.

3. Undergarments (Women). Women will wear adequate undergarments, (e.g., slip, bra, camisole, girdle, etc.) to ensure the proper fit, appearance, and opaqueness of the uniform. Undergarments will be worn so that they are not conspicuously visible.

3037. UTILITY UNIFORM

1. Woodland style camouflage pattern and poplin style camouflage utilities are authorized for wear at the individual's option. No items of woodland and poplin uniforms will be mixed with the exception of the utility cap per subparagraph 3037.6.

2. The camouflage utility uniform is designed for field wear and should be loose fitting and comfortable. Items should be fitted loosely enough to allow for some shrinkage without rendering the garment unusable. Utility

uniforms may be starched or sized at the option of the individual but starching/sizing will not be mandated by commanders. See paragraph 10103 for laundering instructions for camouflage utility uniforms.

3. The emblem decal will be placed on the left breast pocket of the camouflage utility coat centered horizontally and vertically. To apply the decal, use a dry iron set at 300°(synthetic). Press over the decal, for three to four seconds. Do not use steam. Utility coats marked with the "USMC"/emblem decal according to previously published instructions may be worn until they become unserviceable.

4. Name/service tapes will be worn on the utility uniform as prescribed in paragraph 3032.

5. The camouflage utility coat will be worn outside the trousers. Sleeves may be rolled up at the option of local commanders. When authorized, utility sleeves will be rolled with the inside out, forming a roll about three inches wide, and terminating at a point about two inches above the elbow. When combat boots are worn, the trousers will be bloused in a neat uniform manner. When utility uniforms are prescribed for parades, reviews, and ceremonies, the helmet with camouflage cover may be prescribed.

6. On the camouflage utility coat and trousers the replacement of pocket flap buttons with hook-and-pile "(Velcro)" fasteners at the option and expense of the individual is authorized. These uniforms will meet minimum requirements; however, commanders will not mandate the use of hook-and-pile fasteners

7. The woodland style camouflage utility cap may be worn with any authorized style camouflage uniform. The cap will be machine or hand laundered in warm water. It may be starched or sized but may not be bleached.

8. When the helmet is worn with utilities, the pocket size iron-on emblem of the Marine Corps decal will be centered on the front of the helmet cover. With the helmet cover removed from the helmet, the bottom of the emblem will be placed approximately two inches up from the front seam, taking care to avoid placing the emblem over any of the open slits in the helmet cover material. The emblem will not be worn by recruits undergoing training. Local commanders may direct placement of the emblem on desert helmet covers only if it is expected that desert utilities will be worn at least 60 days. Improperly ironed-on decals will not

render the helmet cover unserviceable.

3038. WAISTCOATS

1. The white pique waistcoat is backless with adjustable neck and back straps; single-breasted with shawl-type lapels, and V-shaped opening. The front fastens with three detachable small gold uniform buttons set closely together on the right side, with corresponding buttonholes on the left. It has two welted outside pockets, one on each lower part of the front. The front edges of the waistcoat, from bottom of lower button to bottom of waistcoat are cut away to form an inverted "V". Previously authorized white waistcoats with back panel may continue to be worn.

2. The white waistcoat is worn by all male officers with the evening dress

The rear plaited cord is 28 inches long and the front plaited cord is 20 inches long; the front single cord is 17 inches long and the rear single cord is 21 inches long. The two plaited cords and front single loop (after the latter has been passed through rear single loop) are securely fastened together and have a 1-inch loop no No. 9 gold braid for attaching aiguillettes to top button coat, collar opening of dress coat, button or hook of jackets; the rear plaited cord passing over the front plaited cord and fastening underneath the front plaited cord at the loop. From the point where the cords are secured together, the two plaited cords extend as single cords for two inches, then they form coils of five laps, ends passing through coils and extending two inches to gilt pencil attachment. The position separating the front and rear plaited cords is fitted with a bar pin about 1-1/2 inches long and 3/8 inch wide, covered with a 1-1/2 inch strip of No.3 gold braid covering the ends of the cord, and the bar, to allow attaching the aiguillette to the coat or jacket at the shoulder, just inside the armhole seam. The cap has six leaves; the pencil has two miniature Marine Corps emblems (omitting motto ribbon and anchor rope) on the upper part and two wreaths on the lower part, all in relief around the circumference. The smooth surfaces are polished; the cap or upper part is stamped; and the lower part hollow-cast, turned, milled, and knurled.

a. The following badges are authorized to be worn on Marine Corps uniforms; Presidential Service Badge (PSB), Vice-Presidential Service Badge (VPSB), Office of the Secretary of Defense Identification Badge (OSD ID Badge), and the Joint Chiefs of Staff Identification Badge (JCS ID Badge). Marines who have met established criteria for the permanent wear of these badges may wear them after detachment from qualifying duty.

b. Marines assigned to joint/unified commands may be authorized to wear distinctive command identification badges, but only upon approval from the CMC (MCUB). Requests will originate from the Marine Corps commander or the command's senior Marine Corps representative and will include a photograph, drawing, or sample of the device and local regulations regarding its wear. Unless otherwise prescribed in the approval letter, command ID badges will be worn in the same general manner as prescribed for the OSD and JCS ID badges. Approved command identification devices will be worn for the duration of assignment to that command only.

c. No more than two service/identification badges will be worn on the same side of the uniform. When two badges are worn, they will be worn vertically aligned on the upper pocket or

corresponding position on uniforms which do not have pockets in this position. On pockets which have flaps, these badges will be vertically centered between the lower point of the flap and bottom of the pocket, midway between the two sides. When both the PSB and VPSB are worn, the PSB will be uppermost. If both OSD and JCS badges are worn, the OSD will be uppermost. If an OSD or JCS badge is worn with a command identification device, the OSD/JCS badge will be uppermost. On women's coats and khaki shirts, the lower badge will be placed per the regulations for a single badge with the second badge worn centered 1/8" above the first. However, on women's uniforms, if the wear of two badges on the same side presents an unsatisfactory appearance or cannot be accommodated only the badge of the current assignment will be worn.

2. Presidential Service Badge (PSB)

a. The PSB consists of a blue enameled disc, 1-15/16 inches in diameter, surrounded by 27 gold rays radiating from the center. Superimposed on the disc is a gold-colored device taken from the seal of the President of the United States, encircled with 50 stars.

b. Marines authorized to wear the PSB will wear it centered on the upper right pocket, or corresponding position on the uniforms which do not have a pocket in this position. The PSB will not be worn on the AWC, tanker jacket, service or blue dress sweaters, or utility uniforms. On pockets which have flaps, the badge will be centered between the lower point of the flap and the bottom of the pocket and midway between the two sides.

c. To determine the proper location for the

badge on women's service and dress coats, a horizontal line to the third button of the coat will be considered as the corresponding position to the center of the upper pocket on men's uniforms. On women's evening dress jackets, the badge will be centered on the right front jacket panel so that the bottom of the badge is slightly higher than the highest button. The placement of the badge may be adjusted slightly to ensure the proper flat appearance. On women's khaki shirts, the badge will be centered on a horizontal line even with or up to two inches above the first visible button from the top.

3. *Vice-Presidential Service Badge (VPSB)*

a. The VPSB consists of a white enameled disc, 1-15/16 inches in diameter, surrounded by 27 gold rays radiating from the center. Superimposed on the disc is a gold-colored device taken from the seal of the Vice-President of the United States.

b. Marines authorized to wear the VPSB will wear it according to the regulations for the PSB, above.

4. *Office of the Secretary of Defense Identification Badge (OSD ID Badge)*

b. The badge may only be worn by personnel assigned to duty in the Office of the Secretary of Defense who have received a certificate of eligibility.

c. The badge will be worn on the upper left pocket or corresponding position on uniforms which do not have a pocket in this position, but not on the AWC, tanker jacket, service or blue sweaters or utility uniform. On pockets which have flaps, the badge will be centered between the lower point of the flap and bottom of the pocket midway between the two sides. On women's coats the badge will be worn on the left in the manner described in subparagraph 4007.2c, above; however while on duty with OSD, it will be worn according to OSD instructions.

d. The miniature OSD ID badge is a smaller version of the standard two-inch diameter badge which has been reduced in size to 1-1/2 inches in diameter. The miniature badge may be worn on the evening dress, blue dress, "C"/"D," and service "B"/"C" uniforms. Placement will be as follows:

(1) Male officers' evening dress jacket; the badge will be placed on the left front panel with the top of the badge centered one inch below the bottom edge of the miniature medals.

(2) Male SNCO's evening dress jacket; the badge will be placed on the left front panel on an extension of an imaginary line formed by the three front buttons of the left panel. The badge will be placed midway between the top button and the point where the imaginary line meets the lapel.

(3) Female officers' and SNCO's evening dress jacket; the badge

will be placed centered on the left front panel with the bottom of badge about two inches higher than the top button. The placement of the badge may be adjusted slightly to ensure the proper flat appearance.

The standard size JCS ID badge consists of the United States shield (upper portion in blue, and 13 stripes of alternating red and white enamel) superimposed on four gold metal unsheathed swords (two placed vertically and two diagonally), pointing to the top, with points and pommels resting on the wreath, blades and grips entwined with a gold metal continuous scroll surrounding the shield with the word "JOINT" at the top and the words "CHIEFS OF STAFF" at bottom, in blue enamel letters; all within an oval silver metal wreath of laurel 2-1/4 inches high by two inches wide.

b. The badge may be permanently awarded to any Marine assigned to the Organization of the Joint Chiefs of Staff who serves at least 365 consecutive days after 14 January 1961 and who receives a certificate of eligibility. The Joint Chiefs of Staff, the Operations Deputies, and the Deputy Operations Deputies are eligible to wear the badge immediately upon assumption of tenure. All other assigned personnel may wear the badge on a temporary basis, for identification purposes, for the first 365 days of their tours.

c. The standard JCS ID badge will be worn in the same manner as the OSD ID badge.

d. The miniature JCS ID badge is reduced in size by one third, with nine stripes on the shield, but otherwise is identical to the standard badge. The miniature badge will be worn in the same

4-24

3. *Regulations for Wear*

a. Service stripes will be worn on the outer half of each sleeve of dress/service coats; gold on scarlet on the blue dress coat and green on scarlet on the green coat. Service stripes finished with either a merrowed (whip-stitched) edge or a cut edge may be worn.

CHAPTER 5 AWARDS

SECTION 2: LARGE AND MINIATURE MEDALS

5200. GENERAL

1. With the exception of those decorations worn pendent from the neck, medals will be arranged in a horizontal line in order of precedence from the wearer's right. The bottom edge of all medallions will be aligned.
2. Hamilton Wash large and miniature medals, also known as "anodized," may be worn at the individual's option. Marines who exercise this option will have their own medals anodized at the individual's expense. Anodized medals will not be worn together with nonanodized medals by the same individual; however, Marines with anodize medals may wear them in formation with Marines who have standard nonanodized medals.
3. Medals with suspension ribbons bonded to a plastic backing instead of a metal bar are approved for wear at the option of the individual. These medals lie flatter than the standard medals and may include magnetic fasteners in lieu of clutches for attaching to the uniform. These medals will bear Marine Corps approval identification.
4. Marines will wear all large medals to which they are entitled on dress "A" coats.
5. Miniatures of all medals entitled are required for officers/SNCO's when evening dress uniforms are worn. The Medal of Honor will NOT be mounted nor reproduced in miniature.
6. A person in receipt of an award from a foreign government which includes stars, sashes, orders, or devices (except the fourragere) dissimilar to, or required to be worn differently than United States awards, may wear the medal or ribbon bar as a courtesy to that country only when attending a public function in the country, or in the house of or in honor a public official or other distinguished citizen of that foreign country. Foreign medals and ribbon bars will be worn as nearly as is practicable to the foreign country's regulations; however, at least one U.S. award must be worn when a foreign award is worn. Marines awarded a foreign medal which, under the rules of the country concerned, is required to be worn at the neck will so wear it. A Marine awarded both the Medal of Honor and a foreign medal worn at the neck, will wear the foreign award so that it shows below the Medal of Honor.

5201. MOUNTED MEDALS (See figs. 5-1 and 5-2.)

1. When only one medal is worn, it will be worn as issued through the Supply System, or purchased in miniature.
2. When more than one medal is worn, they will be suspended from a holding bar of sufficient stiffness to support the weight of the medals.
3. When more than one row of medals is worn, the medals will be worn overlapped and in rows arranged according to tables 5-1 and 5-2. Upper of

first row of medals will be mounted so that the medallions of the upper row cover the holding bar and suspension ribbons of the medals below.

4. For men, the maximum width of the holding bar to large medals will be 5-3/4 inches, and the length of the medals from top of holding bar to bottom of medallions will be 3-1/4 inches. A maximum of four large medals side by side will fit on the maximum width of holding bar; however, a maximum of seven medals will fit on the holding bar if overlapped. The overlapping on each row will be equal (not to exceed 50 percent). The right or inboard medal will show in full.

5. *Women* will wear no more than three large medals side by side on a single holding bar not to exceed 4-1/4 inches; however, a maximum of five medals will fit on the holding bar if overlapped.

6. For men, the maximum width of the holding bar for miniature medals will be four inches, and the length of the medals from the top of the holding bar to the bottom of medals will be 2-1/4 inches. A maximum of five miniature medals side by side will fit on 4-inch holding bar; however, a maximum of ten medals will fit on the holding bar if overlapped. The overlapping on each row will be equal (not to exceed 50 percent). The right or inboard medal will show in full.

7. For women, the holding bar for miniature medals will be no wider than 3-1/4 inches. A maximum of four medals side by side will fit on this width holding bar; however, a maximum of eight medals will fit on the holding bar if overlapped.

5-7

5202

MARINE CORPS UNIFORM REGULATIONS

5202. WEARING LARGE MEDALS. (See fig. 5-3.)

1. *Medal of Honor.* On the officer's evening dress and all other dress "A" uniforms, the Medal of Honor will be worn around the neck with the ribbon under the coat or jacket collar. The medallion will emerge at the opening between the collar hook and the top button of the coat or jacket, and hang one inch below the bottom edge of the collar. On the SNCO evening dress uniform, the Medal of Honor will be worn around the neck with the ribbon under the jacket collar. The medallion will hang one inch below the men's bow tie.

2. *Large Medals*

a. On the men's blue and white dress coats, large medals will be worn centered above the left breast pocket with the upper edge of the holding bar on a line midway between the first and second buttons of the coats.

b. On women's blue and white dress coats, one row of large medals will be placed centered over the left breast pocket with the top of the holding bar about one inch above a horizontal line tangent to the highest part of the pocket. When two or more rows of medals are worn, the top of the holding bars of the bottom row of the medals will be approximately 1/4 to one inch above a horizontal line tangent to the highest point of the pocket. The holding bars of the top row of medals will be at least 1/8 of an inch below the collar. If necessary the medals may be shifted from center towards the armhole seam between 1/4 and 1/2 inches so that no more than one-third of any medal is covered by the coat lapel.

3. *Wearing Ribbon Bars With Large Medals.* When large medals are worn, all unit citations and other ribbons with no medal authorized will be worn centered over the right breast pocket, the bottom edge of the lower row

1/8 inch above the top of the pocket. *Women* will wear these ribbons on the right side of the coat front in about the same vertical position as worn with dress "B" and service "A" uniforms. Ribbon bars are normally worn in rows of three in the order of precedence from the wearer's right to left and from top down (for example: top row, Combat Action Ribbon, Presidential Unit Citation, Navy Unit Commendation; bottom row, Meritorious Unit Commendation, Korean Presidential Unit Citation, Vietnam Presidential Unit Citation.) Marines who have not been awarded large medals, but who are entitled to wear a ribbon(s) for which no medal is authorized will wear such ribbon(s) over the right breast pocket as described above.

5303. WEARING MINIATURE MEDALS (See fig. 5-4.)

1. The Medal of Honor and miniature medals will be worn on all evening dress uniforms. When miniature medals are worn, no ribbons will be worn.
2. On male officers' evening dress jackets, miniature medals will be centered on the left front panel of the jacket midway between the inner edge and the left armhole seam, with the top of the holding bar on line with the second blind buttonhole.
3. On the male SNCO's evening dress jacket, the miniature medals will be centered on the left lapel with the top of the holding bar approximately one inch below the left lapel notch. If regulation size holding bars will not fit on the lapel, medals may extend beyond the lapel edge onto the jacket's left breast.
4. On the women's evening dress jacket, miniature medals will be placed centered on the left lapel with the top of the holding bar at the lapel's widest part. If regulation size holding bars will not fit centered on the lapel, medals may extend beyond the lapel's edge onto the jacket's left breast.

5. *Wear on Civilian Evening Clothes*

a. *Men.* Miniature medals may be worn on the left lapel of the civilian evening coat on ceremonial occasions, but only when strictly appropriate to the occasion. On the full dress and tuxedo coats, miniatures will be worn centered on the wearer's left lapel, placed horizontally and one inch below the end of the collar gorge. The top edge of the holding bar will completely cover the buttonhole. If current styles preclude wearing on the lapel, miniatures will be placed in the same relative position as if there was a lapel.

b. *Women.* Miniature medals may be worn on civilian evening attire on ceremonial occasions, but only when strictly appropriate to the occasion. Miniatures will be worn in approximately the same position where they would be worn on the uniform. If current styles preclude the wearing of miniatures in a place approximating the position where they would be worn on the uniform, miniatures will not be worn.

c. If a second row of miniatures is worn, it will be placed one inch below the first row. In no case will more than two rows of miniatures be worn on civilian attire.

CHAPTER 5
AWARDS

SECTION 3: RIBBON BARS AND FOURRAGERE

5300. GENERAL

1. Ribbons for ribbon bars will be of the same material as the medal's suspension ribbon. Ribbon bars authorized for awards that have no medal such as the Presidential Unit Citation, Navy Unit Commendation, etc., will be of the material prescribed in applicable military specifications.
2. Each U.S. ribbon bar will be 3/8 inch high and 1-3/8 inch wide (same as the width of the medal's suspension ribbon). Foreign ribbon bars (including those with devices) which have been authorized by law may be worn only if they can be adapted to meet regulation height requirement and do not exceed twice the width of the standard U.S. ribbon bar.
3. Ribbon bars will not be impregnated with preservatives which change the appearance of the ribbon, nor will they be worn with any type of transparent coverings.
4. Ribbons bonded to a plastic backing instead of a metal bar are approved for wear at the option of the individual. These ribbon bars lie flatter than the standard ribbon bars and may include magnetic fasteners in lieu of clutches for attaching to the uniform. These ribbon bars will bear Marine Corps approval identification.
5. Stars and other attachments will be worn as prescribed in section 4 of this chapter.

5301. WEARING RIBBONS. (See fig. 5-5.)

1. Marines will wear all ribbons to which they are entitled on service and dress "B" coats. Ribbons will be worn on the dress "A" coats only as authorized in paragraph 5202.
2. When the blue dress "C"/"D" or service "B"/"C" uniforms are worn the wearing of ribbons on khaki shirts is at the individual's option unless the commander prescribes that ribbons be worn. If ribbons are worn on these uniforms, either all ribbons, or personal U.S. decorations with U.S. unit awards and the Good Conduct Medal, may be worn at the individual's option.
3. Ribbon bars will be worn on a bar or bars and pinned to the coat or shirt. No portion of the bar or pin will be visible.
4. Ribbon bars are normally worn in rows of three; however; rows of four may be worn when displaying a large number of awards. Two-ribbon rows may be worn when ribbon bars are worn in successively decreasing rows per subparagraph 5301.5. Two-ribbon rows may also be worn by female Marines when a three-ribbon row would not lay flat or would extend too close to the armhole seam.
5. When more than one row of ribbon bars is worn, all rows except the uppermost will contain the same number of ribbons. If the number of ribbons worn causes the ribbons to be concealed by the service coat lapel (one-third or more of a ribbon concealed), ribbon bars will be placed in successively decreasing rows; e.g., 4-ribbon rows, 3-ribbon rows, 2-ribbon rows, single ribbon. The left (outer) edge of all decreasing rows will be in line vertically; except that when the top row presents an

unsatisfactory appearance when so aligned, it will be placed in the position presenting the neatest appearance (usually centered over the row immediately below it).

6. Parallel rows of ribbon bars will either be spaced 1/8 inch apart or placed together without spacing at the individual's option.

7. Ribbon bars will be centered 1/8 inch above and parallel to the top edge of the upper left pocket of dress "B" coats, service coats, and men's khaki shirts. When marksmanship badges are worn, ribbon bars will be centered over the pocket with the bottom edge of the ribbon bar 1/8 inch above the widest holding bar of the marksmanship badge(s).

8. On women's coats with horizontal pockets, ribbons will be worn as prescribed above. On women's coats with slanted upper pockets, a horizontal line tangent to the highest point of the pocket will be considered the top of the pocket. (See fig. 4-3.) On women's khaki shirts, ribbon bars will be placed even with or up to two inches above the first visible button and centered so that they are in about the same position as when worn on the coat. On the maternity tunic, ribbon bars will be placed so that they are in about the same position as when worn on the service coats. On the khaki maternity shirt, when worn as an outer garment, ribbon bars will be worn in the same manner as on the standard khaki shirt, except they will be placed 1/2 to one inch above the horizontal yoke seam stitching and may be adjusted to the

individual to present a military appearance.

5302. FOURRAGERE (See fig. 5-6.)

1. The Fourragere was awarded by the French Ministry of War to those units which were cited two or more times in the French Orders of the Army, and when awarded became part of the cited unit's uniform.

2. The 5th and 6th Marine Regiments were so cited during World War I, and therefore all Marines serving in these units are authorized to wear the Fourragere.

3. Marines entitled to wear the Fourragere will wear it on all uniform service and dress coats/jackets when medals or ribbons are prescribed. The Fourragere will not be worn on the tanker jacket or the AWC.

4. The Fourragere will have a pencil attachment with a polished brass tip, will be of the same shades as the ribbon of the Croix de Guerre Medal, and will conform to applicable military specifications per direction from CMC (MHM).

5. The Fourragere will be worn over the left shoulder with the left arm passing through the large loop of the cord; the small loop will engage the button under the shoulder strap, except on the enlisted men's blue dress coat when it will engage the button above the strap, and the metal pencil attachment will hang naturally to the front.

2. Hamilton Wash (gold-plated) ribbon attachments (stars, clasps, numerals, letter/miscellaneous devices) and ribbon frames are authorized for optional purchase and wear.
3. *Multiple Attachments*
 - a. The following ribbon attachments of a one-piece construction in multiples of two, three, and four are authorized for optional purchase and wear:
 - (1) 3/16-inch bronze stars
 - (2) 5/16-inch gold stars
 - (3) Bronze oak leaf clusters
 - b. The above ribbon attachments are available through Marine Corps exchanges and approved commercial sources.
 - c. These multiple attachments are worn centered on ribbon bars and will not be worn on the same ribbon in combination with single stars or other devices. They will not be worn on suspension ribbons of large or miniature medals.

5401. STARS

1. *Placement of Stars*

- a. On suspension ribbons of large/miniature medals, stars are placed with one ray of each star pointing up. If one star is authorized, it will be centered on the suspension ribbon. For more than one star, they will be evenly spaced in a vertical line at the center of the suspension ribbon with the senior star uppermost.
- b. On ribbon bars, stars are placed with one ray of each star pointing up. If one star is authorized, it will be centered on the ribbon bar. For more than one star, they will be evenly spaced in a horizontal line on the ribbon bar, except when multiple star attachments are worn. Silver star(s) worn with a bronze or gold star(s) will be worn as stated above, except the first bronze or gold star is placed to the wearer's left of the silver star(s) with additional stars alternating to the right of the silver star and so on.
- c. When stars are worn with other devices such as the bronze letter "V", paragraph 5402 applies.

2. *Gold Stars*. A gold star is worn on suspension ribbons of large/miniature medals and on the ribbon bars for all personal decorations in lieu of a second or subsequent award, except for strike/flight awards of the Air Medal. (See paragraphs 5402.4 and 5402.5.) The gold star worn on the suspension ribbons of large medals and ribbon bars will be 5/16 inch in diameter. Those worn on suspension ribbons of miniature medals will be 1/8 inch in diameter. For regulations on wearing oak leaf clusters in lieu of gold stars see subparagraph 5404.1.

3. *Silver Stars*. A silver star is worn on suspension ribbons of large/miniature medals and on ribbon bars in lieu of five gold stars, or in lieu of five bronze stars, except for strike/flight awards of the Air Medal. (See paragraph 5402.4 and 5402.5.) The 5/16-inch silver star will replace five 5/16-inch gold stars. The 3/16-inch silver star will replace the 3/16-inch bronze stars. The silver star worn on suspension ribbons of miniature medals will be 1/8 inch in diameter.

b. Bronze stars worn on the suspension ribbon of large medals and on ribbon bars will be 3/16 inch in diameter. Stars worn on the suspension ribbon of miniature medals will be 1/8 inch in diameter.

c. A bronze star is also worn on the initial award of the Air Medal to denote a single mission/individual award. (See paragraph 5402.5)

5402. *LETTERS/NUMERALS*

1. *Manner of Wearing*. A letter device is worn centered on the ribbon. These devices are block letters 1/4 inch high for suspension ribbons of large medals or ribbon bars, and 1/8 inch high for suspension ribbons of miniature medals.

2. *Bronze Letter "V"* (Combat Distinguishing Device)

a. The bronze letter "V" may be authorized for wear on the following combat decorations if the award is approved for acts or services involving direct participation in combat operations:

- (1) Legion of Merit
- (2) Distinguished Flying Cross

- (3) Bronze Star Medal
- (4) Air Medal
- (5) Joint Service Commendation Medal
- (6) Navy Commendation Medal
- (7) Navy Achievement Medal

b. The approved bronze letter "V" is gold in color. Black or darkened devices may continue to be worn until the individual's awards require remounting, at which time the appropriate gold-colored "V" will be worn.

c. Whenever the "V" device is authorized, the citation will contain a statement of authorization. The bronze letter "V" awarded under previous criteria may continue to be worn on all awards if the citation specifically authorizes its wear.

d. Only one "V" will be worn. Gold, bronze, or silver stars, or oak leaf clusters worn to indicate subsequent awards are evenly spaced in a vertical line above the "V" at the center of suspension ribbons of large and miniature medals. They will be evenly spaced in a horizontal line on the ribbon bar with the "V" at the approximate center and the stars arranged symmetrically in relation to the "V"; the first star to the wearer's right, the second to the left, and so on.

3. *Silver Letter "E."* Individuals awarded the Navy "E" Ribbon will wear a silver block letter "E," 1/8 inch high, centered on the ribbon.

Subsequent awards are indicated by an additional silver "E" attachment for each award. When more than one "E" attachment is worn, they are placed in a horizontal line evenly spaced, centered on the ribbon. For four or more awards, only one 1/8 inch silver-wreathed "E" attachment centered on the ribbon is worn.

4. *Strike/Flight Numerals.* Personnel receiving Strike/Flight awards of the Air Medal will wear a bronze Arabic numeral 3/16 inch in diameter to indicate the total number of awards of this type after 9 April 1962. Numerals are placed on the ribbon bar as far to the wearer's left as possible without overlapping the edge of the ribbon. On the suspension ribbons of the large and miniature medals, the numerals are placed symmetrically immediately below the center of the suspension ribbon.

5. *Single Mission/Individual Numerals.* By order of the Secretary of the Navy, the use of numerals to represent single mission/individual awards of the Air Medal was discontinued effective 22 November 1989. However, personnel who received single mission/individual awards of the Air Medal prior to that date will continue to wear 3/16 inch gold Arabic numerals to indicate the total number of awards of this type received. If any subsequent awards are received after the effective date, stars will be used to indicate all awards received before and after 22 November 1989.

a. Awards Prior to 22 November 1989. Gold Arabic numerals are placed on the ribbon bar as far to the wearer's right as possible without overlapping the edge of the ribbon. Bronze letter "V" (Combat Distinguishing Device), if authorized, is centered on the ribbon bar. On suspension ribbons of large and miniature medals, the bronze letter "V" is centered directly below the Single Mission/Individual numerals.

b. Awards After 22 November 1989. Bronze stars, 3/16-inch in diameter, are worn to denote the first award. Subsequent awards will be indicated by 5/16-inch gold stars. (Note: if the individual is entitled to subsequent awards, the bronze star indicating the first awards will not be worn.) A 5/16-inch silver star will be worn in lieu of five gold stars. Bronze, gold, and silver stars and the bronze letter "V" are worn on the ribbon bar/suspension ribbon as indicated in the paragraph above.

5403. CLASPS

1. *General*. Clasps or bars are worn on suspension ribbons only. A single clasp is worn in the center with additional clasps equally spaced according to dates during which earned, earliest

5-18

MARINE CORPS UNIFORM REGULATIONS

date uppermost. If worn with other attachments, however, clasps are worn below such attachments. Miniature clasps or bars, when available are similarly worn with appropriate miniature medals.

2. *Navy Occupation Service Medal*. Appropriate clasps marked "EUROPE" and "ASIA" are worn on suspension ribbons of large and miniature medals to denote service in Europe and Asia, respectively.

3. *Antartica Service Medal*. Personnel who stay or have stayed on the Antarctic continent during the winter months are eligible to wear a bronze clasp with the words "Wintered Over" on the suspension ribbon of the large medal. A gold clasp is authorized for the second wintering over period, and a silver clasp is worn for the third or subsequent wintering over period. Only one clasp is worn on the suspension ribbon of the medal.

4. *Gold/Silver Life Saving Medals*. Gold or silver bars awarded in lieu of a second or subsequent award are worn at the bottom of the suspension ribbon, the first award uppermost.

5404. MISCELLANEOUS DEVICES

1. *Oak Leaf Cluster*. If a second or subsequent award of a personal military decoration or the Joint Meritorious Unit Award is bestowed upon a Marine by, the Department of Defense, Army, or Air Force, a bronze (or silver) twig of four oak leaves with three acorns on the stem, 13/32 inch in length is worn on the suspension ribbon of the large medal, and a 5/16-inch twig is worn on the ribbon bar. A 7/32" inch twig is worn on miniature medals. Oak Leaf Clusters are worn with the stem of the oak leaves toward the wearer's right, stem down. A silver Oak Leaf Cluster is worn in lieu of five bronze Oak Leaf Clusters for the same decoration.

2. *Gold Compass Rose*. A gold compass rose is authorized for the suspension ribbon of the medal and ribbon bar of the National Security Medal to denote each subsequent award earned.

3. *Planet Symbol*. A ball-shaped object symbolizing a planet, with wing configuration is authorized for the suspension ribbon of the medal and ribbon bar of the NASA Distinguished Service Medal to denote each subsequent award earned.

4. *Space Oak Leaf Cluster*: An oak leaf cluster will be worn on the suspension ribbon of the medal and ribbon bar of the NASA Space Flight Medal to denote subsequent awards. A silver cluster will denote each subsequent award for the second through the fourth awards. A gold oak leaf cluster will denote the fifth award.

5. *Hour Glass*. Marines may be awarded the Hour Glass device in lieu of a second or subsequent Armed Forces Reserve Medal for each succeeding 10 years of service. This device represents an hour glass with the Roman numeral X superimposed thereon. It is worn centered on the suspension ribbon and the ribbon bar. The device for the suspension ribbon of the large medal and the ribbon bar will be 3/8 inch high. The device for the suspension ribbon of the miniature medal will be 1/8 inch high.

6. *Antartica Continental Disc*. Personnel who stay or have stayed on the Antarctic continent during the winter months will be eligible to wear a bronze disc 5/16 inch in diameter with the outline of the Antarctic continent, on the suspension ribbon of the miniature medal and on the ribbon bar of the miniature medal and on the ribbon bar of the Antarctica Service Medal. A gold disc is authorized for a second wintering over period and a silver disc for three or more wintering over periods. The disc is worn with peninsula pointing up. Only one disc will be worn on the ribbon.

7. *Vietnam "60" Device*. Marines authorized to wear the Republic of Vietnam Campaign Medal will wear the silver banner device with the numerals "60" on the suspension ribbons and ribbon bar. The device for the suspension ribbon of the large medals will be 1-1/4 inches in length; the device for the suspension ribbon of the miniature medal and ribbon bar will be 5/8 inch in length.

8. *Vietnam Gallantry Cross with Devices*. Marines authorized to wear the Gallantry Cross as a personal decoration will wear the award with appropriate devices designating the level for which the award was presented. A palm indicates "cited before the Army," a gold star indicates "cited before the Corps," a silver star indicates "cited before the Division," and a bronze star indicates "cited before the Regiment." No frame is worn with the ribbon bar.

a. Only one medal and/or ribbon bar is worn regardless of the number of awards received. In the event more than one award is authorized, an individual will wear as many of the authorized devices, using the most senior awards, that will fit onto one suspension ribbon or ribbon bar. If more than one device is authorized, the senior device is worn to the wearer's right. The palm is worn with the stem to the wearer's right and the stars are worn with the single ray pointing upward.

b. For the initial award, the size of the devices designating the appropriate level of the award are as issued by the government of South Vietnam (on the ribbon bar, the palm is 6/8 inch and the stars are 3/8 inch; on the suspension ribbon, the palm is 1-7/16 inches and the stars are 3/8 inch).

5501. REGULATIONS FOR WEAR

1. Marksmanship badges will not be worn with the evening dress, blue "A," white dress "A," blue-white "A", utility, and camouflage maternity work uniforms. Commanders may prescribe marksmanship badges for wear on all other uniforms. Unless otherwise prescribed by the commander, wearing marksmanship badges is at the option of the individual.
2. Badges are worn, according to seniority, centered above the left breast pocket, with the bottom edge of the highest holding bar 1/8 inch above the pocket's top edge. (See fig. 5-5.) The top edges of all badges will be aligned.
3. When two badges are worn, they are symmetrically placed on a line with about 3/4 inch space between holding bars (may be reduced to 1/4 inch for women to ensure proper alignment with the ribbons and the edges of the pocket), but in no case will they span more than 4-1/4 inches. When three marksmanship badges are worn, they are symmetrically placed above the left pocket with 1/4-inch spacing between the holding bars of each badge (1/8 inch for women to ensure proper alignment with the ribbons and the edges of the pocket).
4. On women's coats with horizontal pockets,

5-23

5501

ribbons will be worn as prescribed above. To determine the proper location for marksmanship badges on women's coats with slanted upper pockets, a horizontal line tangent to the highest point of the pocket is considered the top of the pocket. On women's khaki shirts, badges are placed even with or up to two inches above the first visible button and centered so that they are in about the same position as on the coat. On the maternity tunic, badges are placed so that they are in about the same position as on the service coat. On the khaki maternity shirt, badges are worn in the same manner as on the standard khaki shirt, except they are placed 1/2 to one inch above the horizontal yoke seam stitching and may be adjusted to the individual to present a military appearance.

5. Only one qualification badge for a specific type of weapon may be worn at any time except that two competition badges for the same weapon may be worn. No more than three marksmanship badges will be worn at any time. Marines entitled to more than three awards may select the three to be worn.
6. When ribbon bars are worn with the badges, the lowest row of ribbons is 1/8 inch above the top edge of the marksmanship badges. If only

marksmanship badges and breast insignia are worn, the insignia is centered 1/8 inch above the top edge of the marksmanship badge(s).

MARINE CORPS UNIFORM REGULATIONS

CHAPTER 8

**UNIFORMS FOR NAVY PERSONNEL, RESERVE/
RETIRED MARINES, MCJROTC, AND CIVILIANS**

8000. GENERAL

1. Any individual wearing the Marine Corps uniform is expected to reflect the high personal appearance standards and esprit de corps that all Marines in uniform represent. To this end, particular attention will be paid not only to the correct and military wear of uniform components, but also to the individual's personal and physical appearance.
2. All personnel exercising the privilege of wearing the Marine Corps service or dress uniform will comply fully with Marine Corps grooming and weight control standards.

8001. NAVY PERSONNEL SERVING WITH MARINE CORPS UNITS. (See figs. 8-1 and 8-2.)

1. *Service Uniforms.* The wear of Navy or Marine Corps service uniforms by Navy personnel serving with Marine Corps units will be as follows:
 - a. *Officers.* Navy officers may purchase and wear Marine Corps service uniforms at their option. When the Marine Corps service uniform is worn, Navy officers will abide by Marine Corps grooming and physical appearance standards and the uniform will be worn in the manner prescribed for Marine officers, except as otherwise specified in this chapter. Those officers who do not elect to wear Marine Corps service uniforms will wear the equivalent Navy service uniform and abide by Navy grooming and physical appearance standards.

b. *Enlisted*

(1) Marine Corps service uniforms are provided only to those Navy hospital corpsmen, dental technicians, or religious program specialists who elect to wear them. These Navy enlisted will wear Marine Corps service uniforms for the duration of their continuous service with Marine Corps units when directed by the commander. They will abide by Marine Corps grooming and physical appearance standards and, except as otherwise prescribed in this chapter, wear the service uniforms with the same required/optional components and in the same manner as prescribed for Marines.

(2) Navy hospital corpsmen, dental technicians, or religious program specialists who do not elect to wear Marine Corps service uniforms, or those Navy enlisted personnel in other specialties not entitled to the service uniform option, will wear the equivalent Navy service uniform when required and abide by Navy grooming and physical appearance standards.

(3) All Navy enlisted personnel serving with Marine Corps units and who wear Navy service uniforms will be issued sufficient quantities of unit identification marks (UIM's) for wear on their service uniforms. Unit supply officers will procure UIM's with local operation and maintenance funds. The marks will reflect the short title at the major

command level and will be worn per the guidance contained in U.S. Navy Uniform Regulations.

2. Utility Uniforms. The camouflage utility uniform is a standard uniform for both the Marine Corps and Navy although the Navy issue it only to sailors in certain specialties. The Marine Corps issues camouflage utilities to all Navy hospital corpsman, dental technicians, or religious program specialists with Marine Corps units and to Navy counselors, yeomen, personnelmen and disbursing clerks assigned to FMF units. The wear of the Marine Corps or Navy camouflage utility uniforms by Navy personnel serving with Marine Corps units will be as follows:

a. *Officers.* Navy officers may purchase and wear camouflage utility uniforms at their option. When utilities are worn, Navy officers may elect to abide by either Navy or Marine Corps uniform regulations, as outlined below for Navy enlisted. However, subdued grade insignia will not be worn on the utility uniform, regardless of whether Navy or Marine Corps regulations are followed.

b. *Enlisted*

(1) Those Navy enlisted personnel who have elected to wear Marine Corps service uniforms are also issued camouflage utility uniforms. When worn by these personnel, the utility uniform is considered to be a Marine Corps uniform and will be worn with the same required/optional components and in the same manner as prescribed for Marines, except as otherwise prescribed in this chapter. Marine Corps grooming and physical appearance standards will apply.

8-3

8001

(a) Navy appearance standards will apply but starching of the utility uniform will be an individual option.

(b) Either Navy or Marine Corps uniform components (i.e., belt, buckle, undershirt, outer wear) may be worn at the individual's option. However, those Marine Corps items not issued must be purchased at individual expense.

(c) All breast insignia/identification badges authorized for wear by the Navy may be worn but only in the shiny metal, vice subdued, versions.

c. *General.* The following regulations apply to the wear of the camouflage utility uniform by Navy officer and enlisted personnel, regardless of whether it is worn as a Marine Corps or Navy uniform:

(1) Name/service tapes will be worn on the camouflage utility uniforms. They will be of olive green cloth, one inch wide, with embroidered 3/4 inch high black block lettering, except that tapes for the desert utility uniform will utilize brown lettering on a tan background. If necessary to accommodate longer names the lettering may be in condensed print 1/2 inch high. Nametapes will include the individual's last name only in upper case letters. Service tapes will be inscribed with "U.S. NAVY" in upper case letters with a space before "NAVY". Tapes

It will be centered on the outer half of the sleeve, 1/2 inch below shoulder seam. The patch will be three inches in diameter and contain a gold Marine Corps emblem centered on a scarlet field which is surrounded with a blue border containing the words "US Marine Corps Junior ROTC" in white lettering. A gold border surrounds the blue field.

4. In addition to the required distinctive patch, one school patch may be worn on the right sleeve of all outer clothing, except the service sweater and AWC, centered on the outer half of the sleeve, 1/2 inch below the shoulder seam. Sample, patches will be submitted to the Director (TE-32), Training and Education Center, MCCDC, Quantico, VA for approval, and if approved, will be procured at other than Marine Corps expense. Patches will be from two inches to 2-1/2 inches in length or diameter. Normally only Marine Corps or school colors will be approved for use in school patches.

8005. CIVILIANS SERVING WITH MARINE CORPS UNITS

UNIFORM REQUIREMENTS

SECTION 2: ENLISTED MARINES

9200. GENERAL

1. Enlisted Marines will maintain the articles of uniform prescribed in the current edition of MCBul 10120, individual Clothing Allowances for Enlisted Personnel, in good and serviceable condition at all times. This list is the absolute minimum; specific assignments may require additional uniforms.
2. All enlisted Marines receive a Clothing Replacement Allowance (CRA) annually on their enlistment anniversary. This allowance is intended to provide sufficient compensation to replace minimum issue clothing required per the applicable MCBul 10120 at a reasonable rate due to normal wear. The CRA is a replacement allowance to buy new clothing and not a maintenance allowance to alter or clean previously purchased clothing or to buy new grade insignia.

2. When Marines are assigned temporary duty at locations other than those of their parent unit and their return is contemplated upon completion of the temporary duty period, the minimum uniform requirements may be waived. Marines need to take with them only those quantities and types of clothing that will be required for the season and the type of duty assigned.

**CHAPTER 10
CARE AND MARKING OF UNIFORMS**

SECTION 1: CARE OF THE UNIFORM

10100. GENERAL

1. The following information is presented to help prolong the useful life of uniforms and accessories so that they may be worn with the justifiable pride which distinguishes Marines in uniform.

2. No matter how well-fitting a uniform is when new, it will not continue to look its best unless well cared for both during wear and when not in use. A uniform should be put on carefully and kept buttoned. Large or heavy objects carried in the pockets will soon destroy the shape of the

uniform. When not in use, carefully place uniforms on hangers and keep in a well-ventilated storage space. Well-constructed wooden or plastic hangers shaped to fit the shoulder contour, with locking trouser bar or clips, are recommended. When uniforms are folded in duffel bags or other containers for storage or shipment, fold them carefully to preserve their original shape.

10101. DRESS UNIFORMS

1. Because of less frequent wear, use particular care when storing dress uniforms. Gold braid on evening dress uniforms may deteriorate if in close proximity to any substance containing sulphur, such as rubber and manila or kraft paper. High humidity or sharp temperature changes will also cause tarnishing if the uniform is not adequately protected. An airtight plastic clothing bag with a packet of desiccant (drying agent) enclosed will give greatest protection. Place the uniform carefully on a substantial hanger and store in a dry, cool, well-ventilated closet. Gold braid should normally be cleaned by an experienced tailor although liquid nontoxic preparations available may be used if applied according to manufacturer's instructions. Embroidered insignia may be kept bright by occasional scrubbing with a nail brush and a solution of ammonia and water. Do this periodically, or as soon as any signs of tarnish or corrosion appear. In case of severe corrosion, the insignia cannot be restored to its original condition and must be replaced. The synthetic tarnish resistant gold braided accessory items do not require heavy cleaning. A soft cloth may be carefully used to remove dust. Since temperature changes do not affect these items, store as required to protect the uniform fabric itself.

2. According to manufacturer's label instructions, white dress uniforms of polyester or polyester/ rayon gabardine may be either professionally drycleaned, or laundered and pressed. As drycleaning has frequently caused the polyester/ rayon uniforms to become yellow or gray, hand or machine laundering of these uniforms is preferable. Hand launder in warm water using mild detergent; scrub soiled areas; rinse thoroughly in clear warm water; dry without wringing. Machine launder using a mild detergent; complete washing cycle for 30 minutes 90° to 120° water; rinse thoroughly in clear warm water; set automatic dryer for regular fabrics and dry for 15 minutes. If pressing is required, use a cool iron. Do not use iron above rayon setting. Do not use hot iron.

3. Other dress uniforms should receive maximum care according to general instructions above and those for the particular type of particular type of uniform material. Wool and polyester/wool uniforms are best maintained by drycleaning by experienced drycleaning establishments.

4. Medals, insignia and other accessories should be cleaned and removed from the uniforms when not in use to reduce unnecessary strain on the material.

10102. SERVICE UNIFORMS

1. The same care required for dress uniform is applicable to service uniforms; however, due to more constant use some additional measures may prove beneficial. As heat, friction, and pressure have a deteriorating effect on materials, service uniforms generally show more wear at creased areas. This may be partially offset by periodically pressing out old creases and reforming them slightly to either side of the previous crease. Sleeve cuffs and trousers/slacks/skirt hems should be periodically examined and turned if material permits. Drycleaning

preserves the original appearance and finish of wool and polyester/wool garments and is recommended over hand laundering. However, when drycleaning facilities are not available, and only as a last resort, wool and polyester/wool uniforms may be hand

10-3

10103

MARINE CORPS UNIFORM REGULATIONS

laundered. Hand launder with a neutral soap and fresh lukewarm water 70° to 80°. If hard water is used, add small amount of water softener to the water. Do not use chlorine bleach. In laundering, thick suds are necessary for best results. The soap should be thoroughly dissolved in hot water and added to the cool water to reach a temperature of approximately 70° to 80°. In order to preserve the finish, rubbing should be minimized. Rinse thoroughly to remove all traces of the soap. Avoid high temperature, friction, and pressure as much as possible. Never run through a wringer or never twist to remove the excess water before drying. After washing the garments, squeeze gently to remove surplus water, shape garment by hand, and dry in open air. Colored garments should not be hung in the sun to dry. If this is unavoidable, garments should be turned inside out to dry.

2. Uniform items manufactured of polyester/cotton should not be bleached or starched.

10103. UTILITY UNIFORMS. Washing instructions, to preclude shrinking of the camouflage utility uniform, are as follows: During the washing, drying, and finishing cycles, use the lowest possible temperature setting so that at no time will the garment be exposed to temperatures greater than 130°. Some laundry facilities may not press utilities due to potential damage from automated presses. Thus, any pressing required will be the individual Marine's responsibility. Although the use of starch or sizing is authorized as an individual option, it may adversely affect the comfort and durability of the uniform.

10104. ALL-WEATHER COAT/TANKER JACKET. The AWC and tanker jacket should be dry-cleaned only. A water repellency treatment should be applied after four or five drycleanings.

10105. BUTTONS AND INSIGNIA

1. Gold buttons are plated to prevent tarnishing and should not be polished with abrasives or polishing cloths containing chemicals. Clean gold buttons with a weak solution of household ammonia and water.
2. Gold-plated buttons that have had the plating removed are likely to turn green due to exposure to moist air. This can be removed by rubbing gently with acetic acid or any substance containing this acid, such as vinegar, followed by a thorough washing in fresh water and drying.
3. The gold-filled parts and the sterling silver rhodium-finished parts of metal insignia are cleaned by washing with soap and water. Avoid using silver polish or abrasive.
4. Service insignia will not be polished. If the black finish wears off, replace the insignia or refinish with USMC approved liquid, black protective coating as sold through the Marine Corps exchange. Use of paints or other unapproved coloring agents is prohibited.

10106. FOOTWEAR

1. Maintenance of leather footwear is necessary to ensure maximum wear and to protect the healthy, sanitary condition of the feet. When not in use, the shape of the shoes should be maintained using shoe trees. Foot powder should be liberally sprinkled inside the shoe to absorb moisture. Constant inspection is necessary to ensure prompt repair to avoid breakdown of the upper leather.
2. Shoes should be kept as sand, dirt, grit, etc., have a deterioration action on shoe threads and shoe leather. Clean leather uppers periodically with saddle soap which is a leather preservative. Dubbing should never be used on footwear as such compounds seal the pores of the leather and cause excessive perspiration.
3. Synthetic leather shoes. For normal care, these shoes may be cleaned by wiping with a damp cloth or sponge. Occasional polishing with paste wax or cream polishes may be required; however, excess dust and dirt should be removed before polishing. Use liquid polish with care to avoid streaking. For white synthetic shoes use a good polish in moderate amounts. To cover abrasion or scuff marks, apply a paste wax shoe polish, then paste wax. Stains should be wiped off as quickly as possible, and then cleaned. For stubborn stains, try lighter fluid. On white synthetic shoes, a mild abrasive cleaner may be used if rubbed gently. Do not use chlorinated cleaners, bleaches, or harsh abrasives. For cleaning, never use acetone, nail polish remover, chlorinated dry cleaning solvents, or alcohol. When in doubt about a cleaner or polish, try a little on the instep, close to the sole.

10107. BROWN/GREEN UNDERSHIRTS

1. Although the dyed cotton material used in brown or green undershirts has a strong tendency to fade, proper laundering and care will eliminate or reduce the probability of this occurring. However, fading/discoloration alone does not render the undershirt unserviceable.
2. Launder the brown or green undershirts using the permanent press cycle or hand wash in cold or

10-4

MARINE CORPS UNIFORM REGULATIONS

10115

warm water. Do not use bleach or detergents which contain bleaching agents. Tumble dry on the permanent press cycle, drip dry on a rust-proof hanger, or line dry out of the sun's direct rays. Allowing the undershirt to come in contact with oxidizing agents, such as benzoyl peroxide (used in most acne medications) may cause spots which cannot be removed without ruining the shirt.

10108. KHAKI WEB BELTS

1. When belts are laundered, shrinkage is a normal reaction of untreated webbing. To compensate for shrinkage, the belts are manufactured three inches longer than the waist size; e.g., size 34 belts are 37 inches long. Belts should be washed at least three times before cutting to normal waist size.
2. To prevent excess shrinkage after laundering, hand stretch the belts while wet.

10109. STORING WOMEN'S SERVICE AND DRESS CAPS. Utilize the packaging material (tissue paper and chipboard cylinder) as it was originally used for storing. The cap should fit snugly within the box, with tissue paper used to prevent shifting of the cap and to support the crown. The chipboard cylinder should be placed flat (not on edge) within the crown to afford additional support.

10110. SERVICE/DRESS SWEATERS.

Drycleaning the sweaters is recommended. However, the sweaters may be hand laundered following the guidance in subparagraph 10102.1 for service uniforms.

10111. SWORD AND SCABBARD

1. The sword blade and scabbard with chrome plating have been plated to prevent rust; however, should the plating be removed by use of abrasives or as a result of scratches or misuse, rust is likely. When not in use, the blade and the scabbard should be kept in a dry place and should be coated with a film of light oil.
2. The grip should be cleaned by wiping with a damp cloth and drying thoroughly.
3. The mountings on the sword and scabbard, including the hilt, are made of solid brass, highly polished or gold-plated. For best results clean all mountings with a cloth moistened with soap suds to which a few drops of household ammonia have been added. Do not use abrasives or polishing cloths containing chemicals. Wipe with a cloth moistened with clear water and dry thoroughly.
4. The scabbard of the noncommissioned officers' sword is covered with leather and should be cleaned with saddle soap. The sword blade and the gold-plated brass mountings should be maintained as indicated above.

10112. WHITE VINYL COVERS/CAPS. The white vinyl frame cap covers and the women's white dress vinyl caps may be cleaned with a soft brush (for light dirt/dust) or with a soft cloth dipped in warm soapy water. Brushing/cleaning motion should be in the direction of the grain of the vinyl.

10113. MATERNITY UNIFORMS. The maternity tunic, slacks, and skirt may be drycleaned or washed in warm water on the gently cycle with mild detergent and allowed to drip dry. Items may be tumble-dried if the dryer has an air cycle with no heat. Do not bleach. The maternity uniform should not be washed with other dark clothes. If touch-up pressing is desired, a cool iron should be used. Maternity shirts and the camouflage work uniform will be maintained in the same manner as the equivalent standard uniform items.

10114. CUTS IN CLOTH. A clean cut in a cloth uniform can be repaired by being rewoven with threads drawn from the material in another part of the garment. This must be done by an experienced tailor and is an expensive process; however, a well rewoven cut cannot be noticed.

10115. PREVENTING MOTH DAMAGE. Frequent brushing and exposure to sunlight and fresh air will effectively prevent moths. If uniforms are to be put away for a long time and left unattended, they should be thoroughly cleaned and packed in an airtight plastic bag or protected from moth

damage with camphor balls, naphthalene, cedar wood, or paradichlorobenzene.

CARE AND MARKING OF UNIFORMS**

SECTION 2: MARKING OF CLOTHING

10200. GENERAL

1. Enlisted Marines will plainly and indelibly mark every article of uniform clothing with the owner's name (except for organizational clothing). Marks will be of a size appropriate to the article and the space available for marking and will consist of block letters not more than 1/2 inch in size. Marking machines, stencil, marking tape or labels, or stamp, as appropriate, may be used. Names will be marked in black on light-colored material and inside the utility uniform and in white on dark-colored materials. Marks will be placed so that they do not show when the uniform is worn except that nametapes will be worn on the outside of the utility uniform as prescribed in paragraph 3032. When a marking tape or label is used, it should either be commercial or one made by printing or stamping the name on white tape, other than adhesive tape. In order to standardize throughout the Marine Corps and prevent variation from station to station, no elaboration of the following guide for marking will be made, nor will any greater preciseness of location be prescribed.

2. Articles marked with another individual's name will have the first owner's name obliterated by blocking out the name or using a commercial eradicator. The new owner's name will be remarked according to these instructions. All remarked clothing, with the exception of uniforms stamped RC 1/2, (Recovered Clothing 1/2 Price) must be substantiated with an appropriate entry on the administrative remarks page of the service record book.

3. If Marines have clothing marked according to previously published instructions, re-marking is not required until the markings become illegible. If a Marine's name is legally changed, re-marking with the new name is not required until the old markings become illegible; however, an appropriate remark will be entered on the administrative remarks page of the service record book.

LAWS AND DIRECTIVES**

11000. GENERAL

1. In addition to these regulations and other directives issued by the CMC, U.S. Navy Regulations and Department of Defense directives, State and Federal laws have also been promulgated which pertain to Armed Forces uniforms. Portions of these regulations, directives, and laws that are applicable to Marine Corps personnel, or to Marine Corps uniforms, are contained in this chapter.
2. No attempt has been made to excerpt or interpret the laws of any State. Commanders are responsible for becoming acquainted with and publicizing

any State law that may affect the administration of their commands.

11001. U.S. NAVY REGULATIONS PERTAINING TO UNIFORMS

1. Article 1161 states that regulation clothing will not be disposed of except when authorized by proper authority; and that no enlisted person will possess, without proper permission, any clothing articles belonging to any other person in the naval service.
2. Articles 1245 and 1251 indicate what uniforms are required in connection with official visits.
3. Articles 1286 and 1289 set forth the requirements for the wearing of the mourning badge.

11002. DEPARTMENT OF DEFENSE DIRECTIVES PERTAINING TO UNIFORMS

1. Implementing 10 U.S.C. 772, the President, by Executive Order 10554 of 18 August 1954, delegated to the Secretary of Defense the authority to prescribe regulations under which persons may wear the uniform. The following excerpts from DoD Directive 1334.1 of 11 August 1969 outline these regulations:

"a. *Members of the Armed Forces* (including retired members and members of reserve components). The wearing of the uniform is prohibited under any of the following circumstances:

"(1) At any meeting or demonstration which is a function of, or sponsored by an organization, association, movement, group, or combination of persons which the Attorney General of the United States has designated, pursuant to E.O. 10450, as amended as totalitarian, fascist, communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny others their right under The Constitution of the United States, or as seeking to alter the form of Government of the United States by unconstitutional means.

"(2) During or in connection with the furtherance of political activities, private employment or commercial interests, when an inference of official sponsorship for the activity or interest could be drawn.

"(3) Except when authorized by competent Service authority, when participating in activities such as public speeches, interviews, picket lines, marches, rallies or any public demonstration (including those pertaining to civil rights), which may imply Service sanction of the cause for which the demonstration or activity is conducted.

"(4) When wearing of the uniform would tend to bring discredit upon the Armed Forces.

"(5) When specifically prohibited by regulations of the department concerned.

"b. *Former Members of the Armed Forces*. Unless qualified under another provision of this Order or under the provisions of 10 U.S.C. 772, former members who served honorably during a declared or undeclared war and whose most recent service was terminated under honorable conditions may wear the uniform in the highest grade held during such war service only upon the following occasions and in the course of travel incident thereto:

"(1) Military funerals, memorial services, weddings, and inaugurations.

"(2) Parades on national or state holidays; or other parades or ceremonies or a patriotic character in which any active or reserve United States military unit is taking part.

"Wearing of the uniform or any part thereof at any other time or for any purpose is prohibited."

"c. *Medal of Honor Holders*. Persons who have been awarded the Medal of Honor may wear the uniform at their pleasure except under the circumstances set forth in Subsection a., above."

2. Pursuant to DoD Instruction 5410.20, unauthorized use of approved Marine Corps

uniform emblems or insignia on civilian attire, or other nonuniform attire, is prohibited.

3. The President, by Executive Order 10113 of 24 February 1950, delegated to the Secretary of Defense the authority to prescribe the quantity and kind of clothing which shall be furnished to enlisted Marines, or the cash allowance to be provided in lieu thereof. Department of Defense Directive 1338.18 of 29 Jul 85 outlines the policies and regulations pertaining thereto.

11003. SECRETARY OF THE NAVY POLICY PERTAINING TO UNIFORMS

1. Pursuant to subparagraph 11002.1a(5), the Secretary of the Navy has prescribed that:

a. The exercise of the rights of freedom of speech and assembly does not include the right to borrow the inherent dignity prestige, and traditions represented by uniforms of the naval service to lend weight and significance to privately held convictions on public issues.

b. Members of the Navy and Marine Corps (including retired members and members of Reserve components) are prohibited from wearing uniforms of the naval service while attending or participating in, or continuing to attend or participate in, a demonstration, assembly, or activity with knowledge that a purpose of such demonstration, assembly, or activity is the furtherance of personal or partisan views on political, social, economic, or religious issues except:

(1) In connection with official duties or as otherwise authorized in advance by competent authority; or

(2) Incident to attendance at or participation in a bona fide religious service or observance.

c. Authorization to wear the uniform should be granted by a commanding officer when reasonably assured that the service member's appearance in uniform at the particular event, viewed objectively, is not for the purpose of lending substantial weight or significance to privately held convictions or interests; would not be so construed by an observer; and that the demonstration, assembly or activity does not relate to matters in public controversy.

2. To implement 10 U.S.C 773, the Secretary of the Navy has prescribed the following distinctive mark for wear by members of military societies which are composed entirely of honorably discharged officers and enlisted personnel, or by the instructors and members of duly organized cadet corps.

a. The distinctive mark will be a diamond, 3-1/2 inches long by two inches wide, of any cloth material. A white distinctive mark will be worn on blue, green, or khaki clothing; and a blue distinctive mark will be worn on white clothing.

b. The distinctive mark will be worn on all outer clothing on the right

sleeve, at the point of the shoulder, the upper tip of the diamond to be 1/4 inch below the shoulder seam.

11004. LAWS PERTAINING TO THE UNIFORM
